U. N. Session Is Gloomy Over Viet Nam War

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly opens its 21st session today in an atmosphere of gloom, with East-West relations seriously impaired by the Viet Nam war and with little prospect of progress on major issues.

The only bright spots were the decision of Indonesia to resume its U.N. membership after an absence of 18 months and an indication from U Thant that he might continue as secretary-general until the end of the year if no successor is found in the next few weeks.

Advance agreement assured the election without a floor fight of Afghanistan's veteran Ambassador Abdul Rahman Pazhwak as assembly president for the 13-week session. This will clear the way for quick organization of the 117-nation body.

Although the Viet Nam war is not formally on the assembly's agenda, it is expected to play a major role both in the general debate which begins later this week and in the discussions of disarmament, outer space law and other issues coming up later in the session.

In what could be a move to put the war before the assembly, Czechoslovakia proposed Monday that the assembly debate "the prohibition of the threat or use of force in international relations."

Solons' Plan To Prevent Seaway Financial Press

WASHINGTON (AP) — Congressional sponsors of a re-financing plan for the St. Lawrence Seaway contended today that a prospective 10 per cent toll increase would drive away traffic.

They appealed to a Senate Public Works subcommittee at the start of a hearing on legislation to relieve the seaway of some of its financial burden.

Sen. Walter F. Mondale, D-Minn., said the purpose of the bill he has sponsored is to prevent the proposed toll increase and "... to place the financing and operation of the seaway on a sensible footing which will end for all time the upward pressure on tolls."

The bill would place a flat ceiling upon toll rates at levels of Jan. 1, 1966.

More important, Mondale said, it would eliminate all need on the part of the St. Lawrence Seaway Development Corp. for a toll increase, and would in future years even make it possible for moderation of present tolls.

Rep. Henry R. Reuss, D-Wis., one of 41 sponsors of a similar bill in the House, said the seaway got off to a slow start and fell behind in its financial requirements because most ports were not dredged to the seaway depth of 27 feet.

This year's tonnage, Reuss said, will be right on schedule, but the seaway is weighted

Marcos Briefs Romney About Smashing Reds

ANN ARBOR (AP) — Michigan Gov. George Romney got a briefing Monday from Philippine President Ferdinand Marcos on how his nation smashed a threat from Communism similar to that posed in Viet Nam.

Romney met privately with Marcos for about 30 minutes, during which they discussed the over-all Southeast Asia situation. The talks were held in a private guest house donated to the University of Michigan by a wealthy alumnus.

"The discussion was very interesting, very informative and very helpful," Romney told the Associated Press. He did not elaborate.

Romney, a potential candidate for the 1968 Republican presidential nomination, has been described by some critics as short of experience in international affairs.

The governor indicated the meeting with Marcos was arranged by mutual consent rather than at the urging of either party.

Marcos spent about four hours at the university, flying in from Chicago with his wife. He received an honorary degree, spoke to an audience of about 200 and had lunch with civic and university leaders.

While the rest of the official party—including Mrs. Marcos and Mrs. Romney—toured the campus by bus, Romney and Marcos drove off for their closed-door conference.

Before the talks, Romney told a reporter he wanted to learn about the methods employed to defeat a group of communist rebels on Luzon Island who revolted against the Philippine government about 25 years ago.

Some 20,000 rebels, known as the "Huk," declared their intention to seize the government, but the Philippine Army managed to defeat the uprising after a bitter campaign.

Romney said the situation in the Philippines at that time closely paralleled the present war in Viet Nam.

"They had a similar situation, and they licked it," the governor observed.

US Air Force Pounds NViet In Buffer Zone

SAIGON, South Viet Nam (AP) — The U.S. Air Force pounded the demilitarized zone with day and night raids Monday, while a few miles to the south U.S. Marines reported killing 53 North Vietnamese troops in an assault on a fortified village.

The Leathernecks also reported killing 10 more North Vietnamese while defending forward positions near the Marine mountain bastion called "The Rockpile."

Air Force fighter-bombers hammered at North Vietnamese troops in the six-mile-wide buffer zone with 11 raids. Giant B52 bombers followed these blows with a heavy night bombing.

Over North Viet Nam, Air Force F105 Thunderchief pilots claimed they knocked out a whole train 35 miles northeast of Hanoi on one of the main lines leading to Communist China.

The Air Force did not give the number of boxcars in the train, but Maj. Neil Eddins, 34, of Las Vegas, Nev., described the destruction as "total, with all cars exploding, on fire and derailed."

Eddins, who led the raid, said the area was "a complete holocaust."

Other Thunderchief pilots reported hitting a surface-to-air missile site 40 miles northeast of Hanoi, while carrier-based Navy fighters claimed direct hits on two missile sites 30 miles from Thanh Hoa.

Registration Of Motor Vehicles To Top 4 Million

LANSING (AP) — The State Highway Department expects motor vehicle registrations in Michigan to top four million this year for the first time. The department said the U.S. Commerce Department estimates a 1966 total of 4,112,000 registrations, compared with 3,99 million last year. The anticipated 1966 total for passenger cars is 3,591,000, up three per cent from 1965.

On Youth Council

DETROIT (AP) — Mayor Jerome Cavanagh and Wayne State University Vice President Edward Cushman have been named to President Johnson's Advisory Council on Youth Opportunity. The 103-member council will help form policies and direct community action for more youth education and employment.

Surveyor 2 Rockets Off To Spy On Moon

ASTRONAUTS Richard F. Gordon Jr., left, and Charles Conrad Jr., right, laugh it up with space officials as they were welcomed back to Houston Monday. The two astronauts completed three days of successful space flight aboard Gemini 11. Center left is Barbara Gordon and center right, is Jane Conrad. The two spacemen will start eight days of debriefing at the Houston Manned Spacecraft Center. (AP Wirephoto)

State-Federal Officers Join In Killer Hunt

KENILWORTH, Ill. (AP) — A dozen investigators from the state attorney's office were assigned today to assist the 14-man Kenilworth police force and sheriff's police in finding the killer of Valerie Percy, 21, daughter of Republican leader Charles H. Percy.

Also assigned to the case were two agents of the Federal Bureau of Investigation and detectives of the Chicago homicide and burglary divisions. The state attorney's men established a command post at the Kenilworth police station and were assigned 32 leads to investigate. The FBI was expected to follow up leads involving out-of-state suspects.

Valerie was stabbed and beaten to death Sunday in the Percy home in Kenilworth on Chicago's Lake Michigan north shore. Chief Robert M. Daley of the Kenilworth police said, "We don't have a lead to go on," but he added, "I think this crime is going to be solved—and we are going to do it by leg work and perseverance."

Daley said that 41 persons have been questioned since the girl's body was found at 5 a.m. Sunday. He also said that Percy, at the request of police, had prepared a list of 109 persons he believes should be questioned.

These questioned included, Daley said, persons who have known the Percy family, employees of the Percys, former employees, political workers and Valerie's boy friend.

Some 2,000 persons came to the girl's wake Monday night to express sympathy to Percy and his wife, Lorraine. The red-eyed couple occasionally succumbed to tears as they greeted friends in the funeral home.

Komives Is Top Aide To Bowles

DETROIT (AP) — A prosecutor with experience in fighting organized crime was named Monday by Grand Juror George E. Bowles to serve as his top aide.

Paul J. Komives, chief of the U. S. attorney's criminal division here, was chosen from more than 50 candidates for the prosecutor job.

Bowles, who indicated he'll call the first witness today in his probe of alleged crime in Wayne County, said he was "very interested in Komives' experience with the Justice Department's Organized Crime Section in Washington, D. C."

Komives worked for the crime section for two years and in the department's appeals and research section for one year before coming to Detroit in 1961.

Komives, 34, is a graduate of the University of Detroit and the University of Michigan Law School. He was recommended for the prosecutor job by George E. Woods, special prosecutor for the Edward S. Piggin grand jury which expired in August.

Soapy Ties Debate In Romney-Ferency Tilt

By The Associated Press
G. Mennen Williams planned to confer with his opponent in the August Democratic primary Detroit Mayor Jerome Cavanagh today to bone up on big city problems and programs.

Williams, resuming his campaign after surgery last month for a kidney ailment, said he planned to question Cavanagh about Detroit's poverty programs.

The former governor, now running for the U.S. Senate against Republican incumbent Sen. Robert P. Griffin, was to meet the mayor after a handshake making tour of the City-County Building in Detroit.

Cavanagh's recent testimony about city problems before a Senate subcommittee was expected to come up in the discussion.

Cavanagh acted as master of ceremonies Sunday night at Williams appearance with entertainer Sammy Davis Jr., in Flint.

Williams responded Monday to renewed challenges by Griffin for public debate by saying he would debate Griffin if Gov. George Romney would do the same with his Democratic opponent, Zolton A. Ferency.

Romney and Ferency are scheduled for two debates so far, one before the Economic Club of Detroit and the other before the AFL-CIO Committee on Political Education.

Romney has said further public debates are not necessary since the public knows his stands on the issues. Ferency, on the other hand, contends he will debate the governor publicly whether Romney agrees to it or not. He said he knows Romney's views well enough to carry on the debate without Romney's presence.

In political action tonight, Griffin is planning an evening telethon from a Flint TV station after spending the day in Washington.

Gov. Romney also is to participate in the telethon from 11:00 p. m. after campaigning all day in Flint.

Lt. Gov. William Milliken will be in Livonia and Detroit tonight.

Williams also is to participate in the telethon from 11:00 p. m. after campaigning all day in Flint.

Seeks To Find Safe Spot For Man's Landing

CAPE KENNEDY, Fla. (AP) — America's Surveyor 2 spacecraft hurtled toward the moon today, aiming to soft-land in the middle of its target to photograph a crater-packed plain where American astronauts may walk within three years.

"We appear to be on a lunar trajectory," the flight control center reported 30 minutes after launching, but cautioned that four to five hours of tracking would be required to determine the precise course and what corrections might be necessary.

A powerful Atlas-Centaur rocket raced against the clock and thundered away from Cape Kennedy at 8:32 a.m. EDT to start Surveyor 2 on a 63-hour voyage which project officials predict will be "a cliff hanger all the way." The booster got off the ground with less than one second to spare.

Touch Down Thursday

If all goes well, Surveyor 2 will reach the moon about 11:25 p.m. Thursday, and will settle gently onto the Sinus Medii—Central Bay—a flat but potentially rugged plain located in the center of the moon's visible face.

Once there, its revolving camera eye is to scout around the area to see if it is a good landing spot for American astronauts.

The "cliff hanger" label was good right from the beginning as the Atlas-Centaur just barely got off the launch pad on time. Another seven-tenths of a second and the shot would have been scrubbed, the launch director, Robert Gray, said.

The crew, had only a 36-minute period ending just after 8:32 a.m. in which to fire the rocket to achieve the proper course. A safety valve that refused to open had held up the count for almost the entire period.

Power Failure

After the rocket was a minute off the pad, the blockhouse lost all power because of a momentary electrical failure at a relay station in Sanford, Fla. Gray said had this occurred in the final moments of the countdown, the shot would have been postponed.

To adjust for any course errors, Surveyor 2 carries a small motor which can be triggered by ground command. The first firing, intended to zero in on a desired landing zone, was scheduled for about midnight tonight.

Tracking stations reported all equipment aboard the 2,204-pound vehicle was operating and that the craft was responding to commands. Its three padded touchdown legs and antennas extended as planned and the craft aligned itself on the sun for cruising reference.

Looking Real Good

"We're looking real good," the control center reported. Project officials were pondering a plan to juggle Surveyor 2 around on the moon's surface from two to four days after it lands.

The move, which would be done by triggering the craft's engine, would carry Surveyor 2 a few inches from its original landing spot. This would permit it to photograph pictures of its original footprints, aiding officials analyzing the type of soil astronauts must confront on the moon.

The Surveyor 2 flight plan "is more difficult" than that of Surveyor 1, Milwitzky said.

The first Surveyor descended almost vertically to the lunar surface. Surveyor 2, however, was designed to come in at an angle of 23 degrees to hit its target.

Even shallower descents will be necessary for future Surveyor or craft landing farther east, Milwitzky said, and a similar descent angle is planned for Apollo astronauts.

Rough Area

Sinus Medii "appears to be somewhat rougher than the

Canada's Deficit Nearly Unchanged

OTTAWA (AP) — Canada rolled up a \$756 million deficit on international transactions in goods and services during the first half of 1966, almost unchanged from 1965 despite a better showing in merchandise trade.

Offsetting the export improvement were a higher travel deficit and increased interest and dividend payments, the Dominion Bureau of Statistics reported Monday.

Last year's first half deficit on all transactions totaled \$755 million.

Weather

SECRETARY - GENERAL U Thant of the United Nations tells a news conference Monday that he would consider staying in office through December, if the members can't agree on his successor by Nov. 3 when his term expires. He also declared that east-west relations were at a new low and also expressed doubts as to the value of an Asian peace conference on Viet Nam. (AP Wirephoto)

Start 3-State Search For Tiny Radium Capsule

OKLAHOMA CITY, Okla. (AP) — A passenger train bearing a scientist and electronic gear begins a three-state search tonight for a tiny radioactive capsule capable of inducing illness after 30 minutes contact.

The capsule of radium weighing 3 grams — there are 450 grams in a pound — was lost while being shipped from Fort Worth, Tex., to New York in August.

Bob Craig, 39, an Oklahoma Health Department engineer, said the special electronic gear could locate the radium if the train passes within 1,000 feet of the vial at 90 miles per hour.

The search will cover Texas, Oklahoma and Kansas.

UNDERTAKING A NEW KIND of broad area planning of natural resource usage, representatives of Soil Conservation Districts of six mid-Upper Peninsula counties met Thursday in Powers. From left: Kenneth G. McManus, assistant conservationist, Soil Conservation Service, East Lansing;

Nelson Measure Includes Gogebic Lake In The U.P.

WASHINGTON (AP) — Sen. Gaylord Nelson, D-Wis., said today he has been promised support for his lake preservation bill by Sen. Mike Mansfield of Montana, Senate Democratic leader.

The bill would authorize \$285 million for establishing a national lake area system for development of fishing, wildlife, conservation and recreation.

Among the lakes included in the proposal is Gogebic Lake, which stretches 12 miles through Ontonagon and Gogebic counties in Michigan's Upper Peninsula.

WE MAKE THEM... ONE DAY SERVICE

Soil Use Plans Are Expanded

Soil Conservation District directors, Extension directors, and Soil Conservation Service personnel from Iron, Dickinson, Menominee, Delta, Marquette, and Alger counties met Thursday afternoon at Powers for a multi-district workshop on broad area resource use planning.

Broad program area planning is a method being used to consider ways to help coordinate district programs in areas having prominent major characteristics and features. The U.P. is divided in 7 areas, of which this 6-county area is No. 6.

Area 6 has areas which are predominantly agricultural, like Central Menominee County, much of Delta and Alger. The zone along Green Bay is predominantly recreational. State lands are predominantly forest.

The new planning is by soil groups and land usage and district boundaries have been removed in the new concept and the resources related to usage and to opportunities for new usages.

The conservationists considered ways of making better use of the soils and waters in the area and how their district programs can help the economy of the Lakes States. With broad program area planning the soil conservation districts will focus on solicitation of help from all agencies.

The group outlined several sub-areas designated as predominantly agricultural, forestry, or recreation.

A study will be made of the agricultural sub-area involving present enterprises and land use, compared to opportunities. Orin Berto, director for the Menominee SCD, was elected permanent chairman along with the following officers: Lawrence Ewing, vice chairman, Marquette SCD; Henry Adams, secretary, Marquette SCD.

Representing Delta was Director Nap Sharkey, Perkins and Irwin J. Ten Haken, SCS, Escanaba.

For Ag Education

ATLANTA, Ga. (AP) — The W.K. Kellogg Foundation has awarded \$295,000 to the Southern Regional Education Board for application toward a five-year program in agricultural education.

Voting For Parties

From now until November, political pundits will proffer prognostications and ponder the possibilities of the upcoming congressional elections.

Will concern over Viet Nam, inflation and racial unrest be translated into significant Republican inroads into the Democratic majorities in the House and Senate?

Few observers expect this will happen—unless one or all of these issues somehow begin to generate more voter dissatisfaction than they have so far. And nothing short of a major national crisis could result in a complete overturn of party control in the House, where all the members (presently two-to-one Democratic) are up for re-election.

But if the prospects are rosy for the Democrats, it is not just because of the issues or the lack of them. They are likely to remain the majority party simply because they are the majority party.

A new book, "Elections and the Political Order" by the University of Michigan Survey Research Center, offers fresh evidence to support something many have long believed: Most Americans vote consistently for their favorite party, with little thought about issues or candidates.

In the 1958 congressional race, for instance, the researchers found that 84 per cent of all votes for the House were cast by party members supporting their party's candidates.

Only about seven per cent—less than one person in 10—claimed that valid political issues had anything to do with the way they voted.

Party loyalties are typically learned early in life, usually in the family, and are extremely long-lasting. Since a particular candidate's party label is the only piece of information many voters ever get—or care to get—it virtually assures the majority party of congressional control.

What the voters do not get, however, is assurance that they will receive legislative action that is promised by the party label.

The candidates who have presented themselves to the country under two party symbols immediately break ranks following the election," say the authors. The parties speak in Congress not as two voices but as a "cacophony of blocs and individuals fulfilling their own definitions of the public good."

Thus a congressman who is an artful campaigner "is able to develop electoral strength that is almost totally dissociated from what his party wants in Congress and what he himself has done about it."

When a congressman fails to heed party discipline and votes against his party, it may sometimes be due to demands from the people back home. But a more reasonable explanation, suggest the authors, is "because he knows the constituency isn't looking."

How many people, indeed, are looking? How many know who their representatives are? Or even which party holds the majority in Congress?

Interviews of a cross-section of voters in 1958 revealed that only 47 per cent—less than half—could answer that second question.

Speedier Travel

A revolution in travel is on the drafting boards that will make today's jets look like the Model T.

By the beginning of the 1970's, the 1,450-m.p.h. Concorde supersonic jet will be flying, linking New York and Paris in 2½ hours. Coming along a few years later will be the American SST jets clocking 1,800 m.p.h.

By the 1980's, these jets will be competing with newly developed hypersonic transports capable of flying in the 1,500 to 2,000 m.p.h. range—six to eight times the speed of sound.

The result will be more frequent flights and lower rates "to create a vastly broadened travel and air cargo market."

So at least predicts Air France, which expects to put the Concorde into service in 1971. The airline envisions other changes the fast-flying planes will bring:

Meals on board will be prepared instantly by electronic beams. Lightweight paper clothing will permit compact, completely disposable wardrobes. Passengers will relax in astronaut-type, self-sculpturing seats as the cabin atmosphere gradually changes to match that of the climate at the destination. Harried businessmen will be able to make telephone calls to any part of the world while in flight.

Meanwhile, some editorial writer will casually note that 90 per cent of the world's people have never set foot in an airplane or traveled more than 100 miles from home.

The Doctor Says:

Lotions Or Powder Better

By DR. WAYNE G. BRANDSTADT

Q—My skin chafes very easily, especially the inner surface of my thighs. Will using rubbing alcohol in this area strengthen the skin?

A—The chafed area should be kept clean and dry. Calamine lotion, Lassar's paste or zinc stearate powder would be more effective than alcohol. Over-treatment or infection would tend to aggravate this condition, in which case it is best to have a doctor decide what treatment to use.

Q—I have periodic attacks of colitis. Would taking Maalox aggravate this condition?

A—No. This combination of magnesium and aluminum hydroxide neither increases nor decreases the rate of peristaltic movement in your intestines.

Q—What does the diet for colitis consist of? Is there any medicine for this condition?

A—For colitis a bland diet with no roughage (bran, vegetable and fruit) is essential. When all vegetable and fruit is eliminated from the diet it is necessary to take vitamin supplements. The medicines given for colitis include anti-foaming agents, enzymes, mineral replacements, modifiers of the type of bacteria in the bowel, relaxants that work on the intestinal muscles, sedatives and tran-

quilizers. Many drugs are available in each of these categories. Let your doctor decide which you need, if any.

Q—What causes the abdominal cramps of colitis? Can certain foods do it? I have been taking Librium and Tofranil for nervous tension. What is the purpose of the Tofranil?

A—Irritation of the lining of the colon causes muscular spasms that are painful. In persons with colitis, the colon is so irritable that spices and roughage of all kinds will start the cramps. Emotional upset and chilling the abdomen will also do this.

Q—I have had a pernicious anemia for 20 years and have been taking medicine before meals all that time. Recently I went to a new doctor and he told me to quit taking it. He is giving me injections of vitamin B-12. What is your opinion?

A—Vitamin B-12 is now recognized as the most effective treatment for this disease. Although some doctors prefer to inject it into the hip muscles, tablets that can be taken by mouth are also available.

Oops!

Four Children, All Are In Navy

WARREN (AP) — Mr. and Mrs. Edgar Robinson of Warren have four sons — their only children — and all four are in the Navy.

Two are together on the destroyer USS Beale in the South China Sea. Another, a Naval reservist, is expecting an active duty call "any day," and the fourth also has enlisted in the reserves, completed two weeks of submarine training, and expects "to go" after Christmas.

Meanwhile, father Edgar takes a ribbing on the job. He's an engineer at the Army's Automotive-Tank Center in Warren.

Sons Larry E., 25, and Nicky R., 23, are fire control technicians aboard the Beale, a part of Squadron 32. They have been together throughout their active duty.

Denny L., 20, joined the Navy reserves a year ago, and was told at the time he'd likely be called up within a year. He has attended the General Motors Institute for a year and a half and has completed his second year at Macomb County Community College.

Denny hopes he'll get training as a technician at the Great Lakes Naval Training Station when finally he is called. "Which could be any day now."

Randy D., 18, joined the Navy reserves last Aug. 1 with the understanding he'll likely be called up within a year, if he doesn't choose to go before. He got in two weeks of submarine training at New London, Conn., this summer and is looking forward to another eight weeks over the next year.

Currently, Randy is a supervisory trainee with a food chain and is a bit reluctant, says his mother, "to give up that good money."

In due course the woman sued the bus company, not only for causing her needless pain but also for making her condition worse. And the court upheld her claim.

True, the bus company was not even remotely to blame for the woman's original injury. And, as a rule, the law does not require Good Samaritanism—that is, it does not require one person to go to the aid of another in distress.

However, the court's ruling was based not on Good Samaritanism but on the special relationship between the two parties. They were merely two strangers. They were carrier-and-passenger. When there is such a relationship, and an emergency arises en route, the law generally does impose an affirmative duty to give aid.

That doesn't mean the passenger can hold the carrier liable under all circumstances. For one thing, before there is any duty to help, there must be some clear sign that help is needed.

Thus, a railroad was excused for not aiding a seriously ill woman, when the only sign of her affliction was that she had rested her head on her hand.

But once the peril is apparent, then the carrier's duty begins.

How speedily must help be given? That depends on the particular situation. For example:

In a medical emergency involving an expectant mother on a train, a court held that the train should have been halted at the next town, rather than at the next regular stop.

And how long does the carrier's duty last? Possibly even beyond arrival at the passenger's destination.

In one case, a bus rider who had suffered a severe eye injury was left in the station, alone and helpless. The bus company was later held liable for not making sure the victim was placed in responsible hands.

Summarizing the law, the court said: "The carrier owes to the passenger the consideration and care of common humanity."

People, Events Of Yesteryears

From the files of the Escanaba Daily Press 25 YEARS AGO

Enrollment in St. Joseph High School was 175, an increase over the previous year, Sister Mary Hubert, principal of the school, announced. The grade enrollment, which was also high, was 288. Election of class officers and organization of the Student Spiritual Leadership Council was planned. The Glee Club was busy rehearsing under Sister M. Reginald.

A busload of tired boys rolled into Escanaba, marking the end of an eventful trip to the national American Legion Convention for the Sons of the Legion drum and bugle corps representing Cloverland Post 82 of this city.

50 YEARS AGO

"Of course everyone expected the weather to clear up after the county fair had passed into history, but no one thought the weatherman would have the nerve to make the change so abruptly apparent. It's such things that make grousers out of perfectly good men."

Severing cities became acquainted with Dr. Chenoweth's X-ray laboratory in connection with her offices on Ludington Street.

Letters To Ann Landers

The Press Young Planner Gets Call From Heaven

Contributions are welcome. They cannot be over 250 words and must be signed with name, address and phone number. All letters are subject to condensation and editing.

ADDRESS

Mrs. Harold Peterson who wrote a letter to the Press entitled "Plea," which appeared in Saturday's Press, resides at 632 N. 19th St.

ABOUT A ROAD

This letter is about a road, a highly dangerous road, a road near a populous area, a dusty road, a road full of nails, boards, boxes, etc., city used and county owned... a scraped road... at one time paved road.

Why? Why should this road be in such a condition, highly dangerous to the tax payers, and so close to the city of Escanaba, in fact part of Escanaba? Who has the answers?

It is a disgrace. This road is the Old State Road. This is progress? It could be a beautiful road.

Don Saykily
1835 3rd Ave. N.

THANK YOU

I learned only yesterday that the Escanaba Daily Press sponsored my two-week journalism workshop at the University of Michigan.

I want to express my appreciation to the Daily Press for the chance to be part of the workshop under such excellent teachers as Professor John McNamara, Dr. Slobodkin, Professor Porter, Professor John Field and others.

Thank you again for the experience you made possible for me to enjoy, and I hope my work this coming year in both photography and journalism will lend credit to your confidence in me.

Christine Anne Olson

NOTICE TO POSTMASTER

Please send notification regarding undeliverable papers to the Escanaba Daily Press
Zip Code 49829

Dear Ann Landers: I am 11 years old and already I have figured out what the parents in America are up to. The minute a baby is born they start planning out his whole life. If it's a boy they want him to be a doctor. If it's a girl they want her to be a teacher.

My mother has been telling me ever since I was old enough to understand anything that I am going to be a teacher. It so happens that I don't want to be a teacher. Besides, something strange happened to me. In Sunday School I learned that certain people sometimes get a "call" from above. The good Lord tells special people what they ought to do with their lives. Well, I got a call from the Lord just yesterday. He wants me to be a model.

Since America is supposed to be the land of the free don't you think I should be allowed to follow the call? Thank you for your help. — FUTURE PLANNER

Dear Planner: Keep listening. I suspect you'll get at least a dozen different calls before you have to make up your mind. Write to me again when you are 16, Toots. (And send a picture.)

Dear Ann Landers: Usually the meals at our house are fairly good. I'm a better than average cook and it's a rare day when I throw a dinner together in a haphazard manner.

Sure enough, whenever I do, somebody drops in. My husband always asks them to join us and I'm embarrassed to death. It's pointless to apologize for the boiled chicken gizzards and baked beans and explain that we usually have better meals. In the first place what we eat is our own business and in the second place nobody would believe me.

I think it is perfectly O. K. to ask an unexpected visitor to sit in the living room with the newspaper until we have finished eating. My husband says it's rude not to ask a guest to sit at the table with us. What do you say?—OUTSHOUTED

Dear Out: In my opinion NOBODY is more rude than the person who pops in unexpectedly at dinner time. You should not feel uncomfortable about seating such a person in another part of the house until you have finished eating. If you wish to have your coffee in the living room and pour a cup for the guest, it's better than he deserves.

Dear Ann Landers: Yesterday I received a letter in the mail. It comprised several pages of advice on how to improve my marriage. The letter was signed "An Objective Friend."

"Objective Friend" did a lot more harm than good. The "helpful" advice was based on wrong information. Unfortunately, the letter fell into my husband's hands and much of the progress I had made went down the drain.

Please tell all "Objective Friends" everywhere to mind their own business. Thank you very much.—MRS. D. S.

Dear Mrs. D. S.: Objective Friends DO mind their own business. The person who wrote you the anonymous letter was neither objective—nor a friend. Forget it.

Confidential to IN LOVE WITH A FENDER-BENDER: This girl needs more than practice. She needs LESSONS. Insist that she enroll in a driver's school and don't let her near your car until she gets her diploma. A driver's license is not proof a person is a good driver.

Is a heavy drinker an alcoholic? How can you tell? Is there a cure for alcoholism? Send for Ann Landers' booklet "Alcoholism—Hope and Help." Enclose with your request. 35c in coin and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped and self-addressed envelope.

Color Tour Plans

LANSING (AP) — For anyone trying to plan a tour to see Michigan's fall colors, the State Tourist Council again is offering a post card reporting service on color conditions. The leaves generally start changing colors in the Upper peninsula by mid-September and reach their color peak in southern regions in mid-October. But more detailed reports are available on request from the council.

State Water Project Aid Is \$14.8 Millions

WASHINGTON (AP)—Some \$14.8 million in water development projects and surveys in Michigan is provided for in the \$4.1 billion public works money bill approved recently by the House Appropriations Committee.

The new \$8 million Poe lock for the Soo locks on the St. Marys River and other projects on the Great Lakes and connecting channels form the bulk of the outlay for Michigan.

Other projects of \$1 million or more include construction on the River Rouge and flood control and navigation work on the Saginaw River.

In addition, Michigan will share in a \$203,000 expenditure

for a Great Lakes water levels survey. Participating states will include Illinois, Indiana, Minnesota, New York, Pennsylvania and Wisconsin.

All the Michigan projects originated from the Army Engineer and Reclamation Bureau. The appropriations are earmarked for the year ending next June 30.

The Michigan projects: Construction—Charlevoix harbor (piers and revetments) \$170,000; Grand Marais harbor \$300,000; Great Lakes connecting channels \$100,000; Leland harbor \$80,000; New Buffalo harbor \$485,000; New Poe lock \$8 million; River Rouge \$1.8 million; Rogue River \$373,000;

Heat Complaints

DETROIT (AP)—The Michigan Civil Rights Commission said Saturday it will conduct hearings Sept. 21-22 at the Jackson City Hall to hear complaints about alleged housing discrimination.

Saginaw River, flood control \$1 million; Saginaw River, navigation, \$1,545,000.

Planning — Alpena harbor \$40,000; Cedar River harbor \$40,000; Kalamazoo River \$75,000.

Surveys — Black River, Port Huron, \$20,000; Grand River basin \$261,000; Harrisville harbor \$20,000; Huron River \$60,000; Ludington harbor \$16,000; Manistique harbor \$25,000; Marquette County \$25,000; Monroe harbor \$20,000; St. Joseph River (Michigan and Indiana) \$75,000; shore of Lake Huron \$21,000; southeast Michigan \$50,000.

Gas Fells Two At Manistee

MANISTEE (AP)—Two policemen were overcome by gas Monday as reddish-brown bromine vapor escaped from a chemical plant and wafted through a residential area, forcing authorities to evacuate several hundred persons.

Nearly 20 police and sheriff's men, some wearing gas masks, shouted through loudspeakers and knocked on doors to awaken sleeping residents after bromine spilled from a line at the Morton Chemical Co.

An hour later, the leak was stopped and police allowed residents to return to their homes in this northwestern Lower Michigan city.

Indonesia Says 10,000 Starved

JAKARTA, Indonesia (AP)—More than 10,000 people starved to death in 36 villages checked between last November and April on the small island of Lombok.

Dr. Arbain Yusuf, provincial health director for the island, said the figures were the result of a detailed study in only 35 of more than 150 villages in the island's famine belt.

Yusuf's report appeared to give new credence to a student claim from the island that more than 20,000 people died in the same period throughout the whole famine belt.

Lombok, with a population of 1.5 million people, also is seriously hit by disease.

The whippet was bred from the Italian greyhound and the terrier.

Computers To Replace Tax Tipster

WASHINGTON (AP) — Computers may soon put paid tax tipsters out of business.

A bill on Capitol Hill would bar the Treasury Department from rewarding — with up to 10 per cent of the take — the tipsters who tattle to tax collectors about their neighbors or fellow employees.

Its sponsor, Rep. Richard H. Fulton, D-Tenn., cited Internal Revenue Service computers as one reason for ending tips for tipsters.

Action this year on the bill is unlikely because of the little time remaining before Congress adjourns, probably next month.

The bill undoubtedly will be reintroduced next year.

The Treasury Department is now drafting its formal position. Even if it does oppose the bill, it is not expected to take a strong stand.

"We would rather have a lot of other bills passed first," said one Treasury employee who has been working on President Johnson's anti-inflation plans.

One source said today the government might hesitate to give up any legitimate tool for enforcing the law. But IRS figures show that only about one in every 20 tipsters actually claims a reward.

IRS has also placed great faith in its computers which began Jan. 1 will check every income tax return.

The service has said that fear of the computer is often enough incentive for an otherwise evasive taxpayer to come clean.

Rewards to tipsters are given only on request and only after IRS decides how much the informant's tip was worth.

During the year ended June 30, 1965, the service rejected 3,065 reward claims and paid 792 claimants \$597,731, an average of \$754.71 per successful tipster.

It credited \$12.9 million in tax collections to "information furnished by informants," both paid and unpaid. The informants can receive up to 10 per cent of the recovered tax but the average payment is 4 to 5 per cent.

U.C.T. Plans Friendship Dinner Oct. 1

Members and guests of the United Commercial Travelers of America and their auxiliary enjoyed an afternoon of golf followed by dinner at the Gladstone Golf Club on Saturday, Sept. 17. Door prizes and golf prizes were awarded and a brief business meeting was held.

It was announced that a Friendship dinner will be held at the Terrace on Oct. 1 and all members are urged to sign up and bring a new member. For reservations and more information call Dr. A. Gossan. The next regular meeting will be held Oct. 18.

Mr. and Mrs. Sherman Robinson and Mr. and Mrs. Anton Belongie were co-chairmen of the party.

College Begins New Semester

The opening day of classes for the new semester at Bay de Noc Community College reflected several new developments. The remodeled library and the closed circuit television equipment were the most apparent changes.

"New carrels for individual study and carpeting have created better facilities for study," said President Richard Rinehart. In addition to these improvements \$5,000 worth of new books were processed during the summer.

The most recent addition to the staff of the college is Miss Karen Olson of Rapid River who began work with the new semester in the Student Personnel Office. Karen attended the college for two years.

The newest extension of college activities is in the field of community services. Beginning this fall the college will maintain an evening office and will be able to offer a greater variety of courses and workshops. Some of these will be offered

Mary Castonguay Of Bark River Dies In Niagara

Mrs. Mary Castonguay, 90, long-time Bark River resident, died 7 a. m. today at Mary Hill Manor Convalescence Home at Niagara, Wis., where she has lived for the past three months. Before moving there, she was resident of Bishop Noa Home, Escanaba.

She was born Oct. 10, 1876 in Canada and came with her husband the late Daniel Castonguay to Bark River in 1905. He died in 1945.

Surviving are one daughter-in-law, Mrs. Mary Alice Mason, Grand Rapids, and six grandchildren.

Friends may call at the Boyle Funeral Chapel at Bark River after 3 p. m. Thursday. Parish rosary will be recited at 8 p. m. in the chapel.

Funeral services will be held in St. George's Church in Bark River, 10 a. m. Friday with Rev. Thomas Dunleavy officiating. Burial will be in Bark River Cemetery.

Obituary

MRS. GEORGE CHOLGER
Funeral services for Mrs. George (Martha) Cholger were held Saturday at 1:30 p. m. at St. Paul's Lutheran Church at Hyde, and burial was in Gardens of Rest Cemetery.

The pallbearers were four nephews, Emil Screeneman, Reinhold Bittner, Arthur Flath and Bartley Bittner.

Attending the services from out of town were Mrs. Fred Cholger, Mr. and Mrs. Wadsworth Bischoff, Mrs. Bert Yanna, Mr. and Mrs. Bill Cholger, Ruth Cholger and Emil Cholger all of East Tawas, Mich.; Mr. and Mrs. Herman Tetzlaff, Mrs. Erwin Witte, Mr. and Mrs. Norbert Khehr and children from Grafton, Wis., and Herbert Scheeneman, Milwaukee.

for college credit while others will not.

Under this policy, a special registration will be held on Wednesday, Sept. 21, from 4-8 p. m. to encourage community registration in selected courses. These include: Typing, English, Reading and Writing Improvement, Advanced Art, Beginning and Advanced Spanish, Modern Mathematics, logic, Geography, Psychology and Technical Mathematics.

Among the new activities at the college will be a mixed chorus under the direction of Mrs. Marie Peterson beginning this week. Marie was in charge of vocal music in Sturgeon Bay High School in Wisconsin last year.

A student newspaper will begin publication in the near future. Mrs. Barbara Sanderson has been engaged in providing professional assistance in the publication of the paper. Barbara finished her degree in journalism at the University of Wisconsin and has been a full time employee in public relations and publications for the University for two years.

The college will increase its activities in the dramatic arts field under the direction of Jack Romstad, of the college faculty.

Seeks To Find Safe Spot For Man's Landing

(Continued from Page 1)

area where Surveyor 1 landed," Milwitzky said. "It has all kinds of rough stuff around it."

This would make a successful landing more difficult, since hitting a rock, for example, could damage the descending craft or possibly tip it over.

Surveyors 3 and 4 may be modified to include a shovel-like device which would scoop a small trench under Surveyor's television eye, the program manager revealed. This would aid researchers in analyzing the texture of the moon's soil.

The last three craft — Surveyors 5, 6 and 7 — may carry instruments to analyze the chemical content of the moon's surface.

The 11,237 closeup pictures transmitted by Surveyor 1 showed the Ocean of Storms to be like a dry desert, with swirling dunes and bitter-cold nights, and sandy, crunchy rock-littered soil.

Isabella Circle Plans Public Card Party

Daughters of Isabella Trinity Circle 382 will sponsor a public card party, Sept. 28 at the Teamster's Hall at 8 p. m. Dessert will be served followed by cards of the players choice with a prize at each table. Door prizes will also be given.

Tickets can be purchased from the co-chairman of the event, Mrs. John Sankovitch and Mrs. Fred Courter or from any of the following members: the Mesdames, James Anderson, Edna Ambeau, Louis Carr, Mary Constantineau, Maurice Pratt, Alice Kintzinger, Louis Pintal, Romeo Thivierge, Alfred Gardner, Clinton Priester, Helmer Peterson, George Belanger, Clinton Groos, Francis Gray, Henry Bunno and Irwin Cashin. Tickets will also be available at the door.

The next regular business meeting will be Oct. 10 with Mrs. Louis Carr, chairman.

Kiwians View Film Sponsored By U.S. Chamber

An amusing yet thought provoking movie entitled "Once Upon A Time" was shown to the Escanaba Kiwanians by Clarence Fisher, sales manager for the Upper Peninsula Power Company.

The comic tale of a fictional kingdom brought across the point that excessive government regulations can cause disruption, dissention and disaster in almost any nation.

The movie was produced by the audio-visual services department of the Chamber of Commerce of the United States.

Special acclaim was also given to Kiwanians Dr. William Heines and Ray McDonough who were selected as president and vice president respectively of the Escanaba Chamber of Commerce.

Crash Burglary

INDEPENDENCE, Mo. (AP) — Burglars crashed a stolen tow truck through the front window of a food store recently and drove away with the store's safe dangling from the tow cable. A witness told police the man loaded the safe into a pickup truck several blocks from the store. The tow truck was abandoned in a parking lot, police said. The store owner estimated his loss at \$800.

Romney Climbs In Poll Report

WASHINGTON (AP) — The Louis Harris Poll reported Monday that President Johnson's margin over Republican Gov. George Romney of Michigan has shrunk to two percentage points.

The poll, published in the Washington Post, said 51 per cent of voters questioned chose Johnson when asked which of the two men they would favor in a 1968 presidential race. Forty-nine per cent backed Romney.

Six weeks ago, Harris reported, Johnson held a 56-44 percentage lead over Romney. Along with his rise over Johnson, Romney moved into the lead among Republican voters asked whom they favor for the 1968 GOP nomination, the poll reported.

The Michigan governor was named as first choice by 30 per cent of these voters, up from 20 per cent in July. Simultaneously, Richard M. Nixon, the 1960 party nominee, dropped from 29 to 25 per cent. Barry Goldwater, the 1964 GOP candidate, held steady at 15 per cent.

In a Johnson Vs. Nixon test, 57 per cent of the voters questioned said they would back Johnson and 43 per cent Nixon — unchanged from six weeks ago.

COMMANDING officer Gary Lehman, USS Columbus (CG 12) FPO, New York, completed basic training at Great Lakes Naval Academy, Great Lakes, Ill. He is now serving at Norfolk, Va. He is the son of Mr. and Mrs. Anthony Milkovich and a 1965 graduate of Escanaba high school.

Danforth

Mrs. George Larson was the honored guest at a birthday party at her home recently.

Games were played with high scores in 500 going to Mrs. Felix Johnson and in Canasta to Lillie Lindstrom. Consolation prizes went to Mrs. John

History Society Program Marks School Centennial

The centennial of the Escanaba Public Schools will be noted in a program to be presented to the Delta County Historical Society at its meeting to be held at 8 p. m. Wednesday in the Chamber of Commerce building.

Society members are invited to bring friends and interested persons will be welcomed.

Participating in the program will be John A. Lemmer, retired superintendent, who will discuss the history of the school administration and school boards; Edward Edick, retired high school principal, who will report on the history of the high school; and Charles Folio, former high school faculty member and vice president of the Historical Society, who will present the story of high school athletics.

Robert E. Meyer, chairman of the Escanaba Area Public Schools centennial committee, will discuss development of school program and curriculum.

Pictures of the schools, taken from the Historical Society files, will be shown by Eva Flemstrom, retired teacher and the Society's treasurer.

Ruleau and Agnes Mattson. Miss Mattson also received the guest award. Lunch was served.

Cancer Society Aids Patients

Expenditures for patient services to aid cancer cases in Delta County were a major item in the Delta County Cancer Society year that ended on Aug. 31, it was reported to the Society by Mrs. Lee Miller, treasurer, at a meeting in the Chamber of Commerce building Monday night.

The Cancer Society spent \$2,783 for patient services for the 12-month period. The funds went to aid 19 patients, of whom nine were lost by death. At the beginning of the Cancer Society year starting Sept. 1, there is a load of 15 patients and a budget of \$3,800, it was reported.

Last year, out of \$3,558—in addition to the \$2,783 spent for patient services—public education, supplies, and office supplies required \$314, and campaign supplies required \$460. The year ended with a balance of \$69.

The Cancer Society gave recognition to Charles Anspaugh, president of the Delta County Cancer Society, and to Jack Beck, Crusade chairman, for their work in 1966. They were presented with Crusade awards by Mrs. Edward Edick, awards chairman.

Computer Goals

BALTIMORE, Md. (AP) — The Election Board in suburban Baltimore County has decided to de-automate, replacing its computer with 600 adding machines — the system used before the last election.

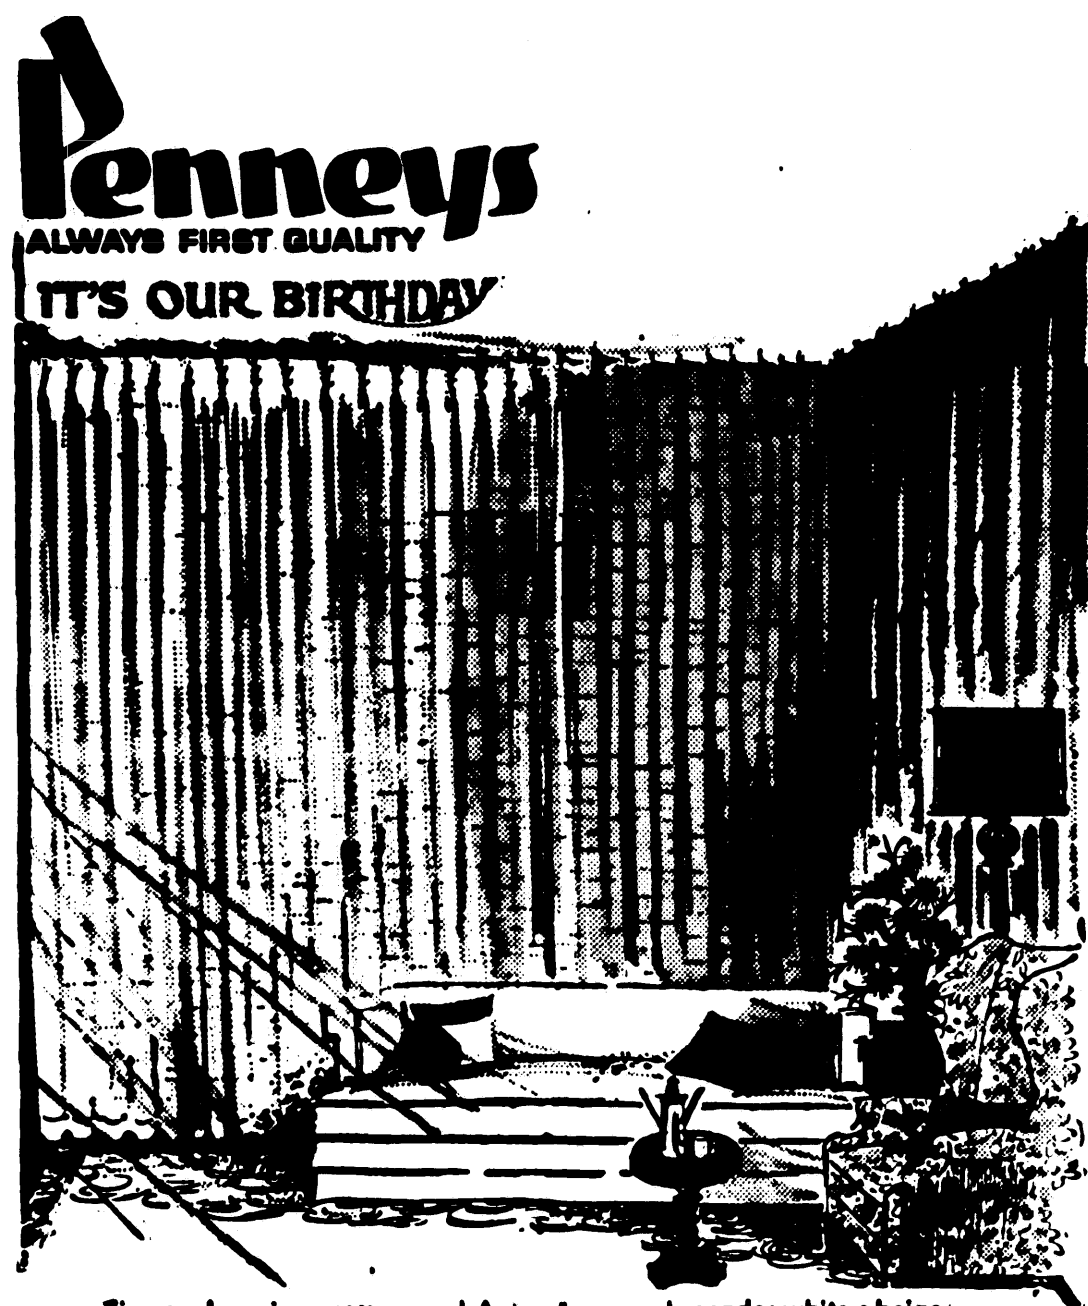

The county, the only one in the state to use a computer, was the last to submit its return, finished at 4 a. m., last Wednesday following the election.

Doctors quit smoking

CHICAGO — According to a recent survey, 55% of American doctors do not smoke. Many quit recently due, according to the Anti-Tobacco Center of America, to the conclusive evidence linking cigarettes and lung cancer.

Many doctors gave up smoking without straining their will power thanks to a new tablet which helps to progressively eliminate the need for nicotine and, as a result, the desire to smoke. Less than 2% of the 150,000 people who tried this tablet reported they still smoke!

Smokers interested in receiving information (free) about this new tablet are invited to contact directly the Anti-Tobacco Center of America, Dept. 912-Z-1, 366 Fifth Avenue, New York 1, New York. It is sufficient to send your name and address. Just a postcard will do. Adv.

MANISTIQUE

Post Commander, Sgt. Grace, Dies

Sgt. Bernard O. Grace, 50, of 112 S. Maple St., commanding officer of the Manistique State Police post at Manistique since 1958, died at 1:30 p.m. Monday at his home. He had been in failing health two months.

Sgt. Grace entered the State Police in Oct., 1937, and was stationed at posts in Romeo, Bay City, Manistee, New Buffalo, Rockford and Redford before coming to Manistique. He was a 1933 graduate of Carson City high school.

He was born June 22, 1916, in Carson City. His marriage to Margaret Mellen took place in Romeo, Oct. 12, 1938. He was a member of the Upper Peninsula Law Enforcement Association and the First Methodist Church of Manistique.

Surviving are his widow; three sons, Twp. William J. Grace at Grand Haven, Robert of Romeo, and David of Manistique; one daughter, Mrs. Richard (Sue) Morton of Muskegon Heights; a brother, William of Clarkston, Mich., a sister, Mrs. Arlene Polzin of Pontiac, and two grandchildren.

Funeral services will be at 2 p.m. Thursday in Messier-Broullire Funeral Home with Rev. William Kelsey officiating. Burial will be in Fairview Cemetery. Friends may call at the funeral home from 3 to 9:30 p.m. Wednesday.

Church Events

Bethel Baptist

Mission Circle meets Wednesday at 2 p.m., in the Ruth Settergren home on Delta Ave., with Mrs. Carl Johnson of Chicago as assisting hostess. The mother-daughter banquet will be held at 6:30 p.m. Thursday in the church. Tickets are available from Mrs. Haring, Mrs. Verner Anderson and Mrs. Ragnar Carlson. Mrs. David Bostrom of Escanaba will speak.

First Baptist

The board of trustees meets Thursday at 7:30 p.m., in the church. Saturday, instruction class for juniors is at 10 a.m., and for junior high at 11 a.m. Sunday, at 9:45 a.m., rally and promotion Sunday will be marked.

Nutrition Series Is Offered

Mrs. Alice Smith, chief of the nutrition division of the Michigan Department of Health is presenting a series of talks and demonstrations in the county this week on tasty food preparation. Meals which contain all necessary food elements for good health for all ages are being stressed. A meeting will be held at Cooks school at 7 p.m. today (Tuesday) and at Manistique High School Wednesday, at 7 p.m.

Court Receives Guilty Pleas

Plea of guilty were entered in Justice Court Monday by Thomas Parrish, 18, and Clarence Gerlach, 18, on charges of breaking and entering with intent to commit larceny in the Circle-Drive In and Rambler garage buildings. Sentencing is scheduled after a probation officer report is prepared.

In other action, Shirley Finstrom was placed on probation for one year on a charge of not reporting all money received when obtaining welfare payments.

Hospital

Admitted to Schoolcraft Memorial Hospital were Faye Gribbel, Garth Jacobson, Graham

Briefly Told

Mrs. Dolph Anderson, River Road, was taken by ambulance to Schoolcraft Memorial Hospital at 5:15 a.m., Monday.

Fine of \$10 and costs of \$6.70 were assessed in Justice Court to Kenneth D. Enzur, Walled Lake, on a Conservation Department charge of illegal fishing and possession of rainbow trout Monday on Clear Lake.

Marvin Vallier, 41, of Rte. 1, Gulliver, has been asked to appear by State Police for failure to report a property damage accident forthwith. Officers said he hit guardrails on U.S. 2 near County Road 433 Sept. 5.

The Merri-Makers Square Dance club meets Saturday at 8 p.m., in Lincoln school gym for its first regular dance of the season. Beginners interested in learning may receive instruction. Dancing is scheduled the second and fourth Saturdays of the month. Members of the club are being asked to bring sandwiches or cookies.

State Police ticketed Robert Yamashita, Weston, Ont., Bryan D. Bullock, Mason, Joseph P. Stimac, Pontiac, Lester C. Paulson, Royal Oak, Dale Allen Seeley, Saginaw, Robert L. McLaren, Germfask, Peter Smith, K. I. Sawyer AFB, and Charles L. Foreman, Maryette, speed-

ing, and Ralph E. Dikeman, Waterford, expired operator license.

A car driven by Mrs. Adele LaCost, 52, of Garden, was struck in the rear by a car driven by Vernon Nikunen, 22, of Linden, Mich., in an accident on U.S. 2 in Inwood Township Saturday at 3:45 p.m. Mrs. LaCost had slowed for a turn, officers said. Nikunen was given a notice to appear for violation of basic speed law.

A fine of \$50 and costs of \$8.70 were assessed in Justice Court to Gary H. Desjardins, 19, of Cooks, on a charge of being

a minor in possession of alcoholic beverage. The offense was alleged to have occurred July 27. A plea of not guilty was entered and Monday was changed to guilty. Arrest was by the Public Safety department.

The George A. Shaw chapter of DeMolay meets at 7:30 p.m., today to plan for installation of officers.

Basque is a very old language, not at all like French or Spanish. Many village dialects have their own pronunciation.

MR. AND MRS. Victor VanEffen of 223 N. 18th St., Escanaba announce the engagement of her daughter, Janice Elaine Johnston to Franklin Thomas Stenberg, son of Mr. and Mrs. Leonard Stenberg of Bark River, Rte. 2. The bride-elect is a 1964 graduate of Escanaba Area High School and is employed at the Credit Bureau of Escanaba. Her fiancé is a 1963 graduate of Bark River-Harris High School and is associated with the Stenberg Brothers Garage Services and Trucking of Bark River. The wedding date has been set for Dec. 10. (Preston's Portraits)

Schedule U.P. Conferences Of District PTA

A. B. Haist, president of Michigan Congress of Parents and Teachers, with a group of State Board members will bring three workshops to PTA members in the Upper Peninsula in early October.

Final arrangements were made at the Board meeting in Lansing the past week attended by board members including Mrs. Leo Niquette, director of District 19, which has five counties, Alger, Delta, Dickinson, Marquette and Menominee, four PTA Councils and 55 local units.

District 18 Conference will be held in St. Ignace, Oct. 3 at 6:30 p. m. and District 20 Conference will be held in the Stambaugh Elementary School, with registration at 6:45 p. m.

District 19 Conference with Mrs. Niquette and sponsored by the Leo P. McDonald PTA, will be held at the K. I. Sawyer Air Base, Tuesday, Oct. 4 with registration at 9 a. m. Tours of the Air Base will be conducted by Air Base personnel from 9:30 to 11:30 a. m.

There will be a noon luncheon, with reservations to be sent to Mrs. Robert E. Alvey, president of Leo P. McDonald PTA, 369 Marauder St. K. I. Sawyer AFB, Mich., 49843 before Sept. 27.

Workshop sessions will be from 1 to 3 p. m. Haist will be the keynote speaker. His topic is "The Three Keys of Belonging." There will be time for discussion and evaluation during and after sessions.

Mrs. Niquette asked all PTA officers, committee chairmen and interested members to form car pools, wherever possible, and attend the Conference.

Mrs. Niquette's three year term as District director will end in June and a new director is being sought. Names should be submitted at the K. I. Sawyer conference, so contacts can be made before the January deadline.

Ford River PTA Meets Wednesday

The first meeting of the year of the Ford River PTA will be held Wednesday, Sept. 21 at 8 p. m. Room visitation will begin at 7:30.

Plans will be made for attending the PTA District Workshop at K. I. Sawyer Air Force Base on Tuesday, Oct. 4.

Mrs. LeRoy Sheeneman (Gordon Nelson Photo)

Charlene Smith Bride Of LeRoy Sheeneman

White duclat satin and re-embroidered Alencon lace fashioned the wedding gown worn by Charlene Len Smith Saturday, Sept. 3 for her wedding to Airman 3C. LeRoy Emil Sheeneman. Officiant at the double ring ceremony at St. Patrick's Church at 10 a. m. was the Rev. James Pepin.

Parents of the couple are Mr. and Mrs. Leonard Smith of Escanaba and Mr. and Mrs. Emil Sheeneman of Bark River.

The bride's floor-length gown was styled with modified scoop neckline, close-fitting bodice and full controlled skirt with deep inverted pleat extending from the Empire waistline in front and a chapel train which converted into a bustle back for the reception. The Alencon lace appliques decorated the bodice, skirt front and train. Tiny satin-covered buttons fastened the bodice in back and also detailed the long sleeves, which extended to wrist points.

Double Crown

A double crown of lace with pearl and crystal trim secured her three-tiered bouffant veil of imported English silk illusion and her only jewelry was the gold cross and chain which her mother wore when she was married 25 years ago. Her headpiece and veil were borrowed from her sister, Mrs. Donald Martineau. She carried a bouquet of cascading carnations with ivy foliage centered with a single white orchid.

Miss Sandra Nelson of Escanaba was maid of honor and Miss Bonnie Carey, also of Escanaba, was bridesmaid. Three-year-old Karen Krause of Bark River was flower girl and Joey Trepanier, 6, of Rapid River, was ring bearer.

Kenneth Viau of Escanaba served as best man and Lawrence Krause of Ford River, the bridegroom's cousin, was groomsmen. Seating the guests were James Berish of Escanaba, Bud Krause of Bark River, and Robert Smith of Gladstone.

Crystal Satin

The bridal attendants were gowned in floor-length dresses of crystal peau satin in a willow-green shade, fashioned with modified scoop necklines, short sleeves and full skirts detailed with loose back panels. Venice lace in matching green circled their gowns at the waistline and edged the sleeves. Their headpieces were organza willow-green roses centered by seed pearls to which were attached short matching veils. They wore pearl necklaces and white gloves, gifts of the bride, and their flowers were clusters of tangerine-shaded carnations with velvet-wrapped green foliage stems.

Little Miss Krause was dressed as a miniature bride in a floor-length white satin dress trimmed at the sleeves and hemline with fine lace and in her hair she wore a circlet of seed pearls with a short net veil. Her gold cross and chain were a gift of the bride. She carried a tiny bouquet of fall flowers.

For her daughter's wedding, Mrs. Smith wore a teal blue lace knit suit with beige accessories and a corsage of yellow roses. Mrs. Sheeneman wore a beige lace dress with beige and brown accessories and her flowers were chrysanthemums and pompons in mixed fall shades.

Reception

A reception for 500 guests was held from four to eight o'clock at the Bark River Community Hall, and a wedding dance followed. Miss Darlene Johnson of Escanaba, cousin of

League Of Women Voters To Hear State President

"For the first time in more than ten years it is a state League President's privilege to visit Leagues of Women Voters in the Upper Peninsula," announced Mrs. Robert Foerch, Dearborn, President of the League of Women Voters of Michigan.

Mrs. Foerch will be accompanied by Mrs. Robert Rottman, Dearborn, a Director of the state League, and Mrs. Gordon Eadie, Newberry, state League treasurer. They will be in the Upper Peninsula Sept. 19 to 24.

The public is cordially invited to hear Mrs. Foerch speak on Thursday, Sept. 22 at 8 p. m. at the John Lemmer School. She will discuss the question, "Just what is the League of Women Voters?"

On Friday, Sept. 23, Mrs. Rottman will lead a technical session for the Board of Directors of the Escanaba League. Mrs. N. L. Lindquist, President of the League of Women Voters of Escanaba will preside.

Mrs. Foerch has been President of the state League since May 1965. The wife of a dentist and mother of three children, she was a dietitian before her marriage. Mrs. Foerch joined the League in Dearborn in 1953, serving in various capacities including President of the Dearborn League, 1959-1960.

The visit by the state League officers is a highlight of League of Women Voters Week in Michigan. This week was proclaimed by Governor Romney for Sept. 19 through 23 in recognition of the League's outstanding service in providing nonpartisan information for voters and working for governmental improvements. Mayor Vanlerberghe of Escanaba and Mayor Stupak of Gladstone proclaimed the same period as League of Women Voters Week in their respective cities. In his proclamation, Mayor Vanlerberghe said, "All of us are proud of their leadership in many fields of endeavor and their acceptance of responsibility of full partnership in all phases of daily living."

NAIL MAGIC

Wish you could send your nails somewhere for the cure? No need to now that you can strengthen them yourself at home. Split, chipped, peeling and broken nails can be mended as easily as giving yourself a manicure. Nail hardeners perform this magic.

Mrs. Robert Foerch

Eagles Auxiliary President To Visit Escanaba

Mrs. Marie Schuler of Ann Arbor, president of the Michigan State Auxiliary to the Fraternal Order of Eagles, will visit the Escanaba Auxiliary on Friday, Sept. 23.

A dinner in her honor will be served at 6 p. m. at the Sherman Hotel. Reservations for the dinner are in charge of Mrs. Mildred Severinsen, 786-3377 and Mrs. Florence Greis, 786-2267. Reservations must be in by Thursday.

The meeting of the Auxiliary will be held at 8 p. m. at the Eagles Club, followed by coffee hour, with Mrs. Ruth Elworth and Mrs. Alice Runkel in charge.

The regular meeting of the Auxiliary for Wednesday Sept. 21 has been cancelled.

Cornell

FARM BUREAU
Delta 426 Farm Bureau met at the Lowell Steff home at Cornell and officers were elected for the coming year. They are Lowell Steff, chairman, Carl Van Dese vice chairman, Joanne Steff secretary, Gus McFadden minuteman, Clayton Ford discussion leader, Octave Carrigan assistant discussion leader, and Beatrice Ford, women's committee. The next meeting will be at the Clayton Ford home on Oct. 11.

CONFIDENCE IS KEY
Confidence in yourself becomes a part of your personality. When this assurance develops you begin radiating beauty from within.

Esky Woman's Club To Hear Mary Gage

The Escanaba Woman's Club will open the 1966 season with a dinner meeting at 6:30 p. m. Sept. 28 in the Marine Room of the House of Ludington.

Mrs. Mary Gage of Green Bay will present a play reading of the production, "Never Too Late." Mrs. Gage has had an extensive and varied background in the theatre including 35 years of playing leading roles for the Green Bay Community Theatre, five years of play directing, five years of professional acting with the Peninsula Players, and working professionally in her own television show.

Mrs. James Fitzharris is program chairman for the evening and Mrs. E. L. Pohl and Mrs. Tom Irish are co-chairmen of the meeting. Hostesses will be the members of the Executive Board.

Reservations can be made by calling Mrs. E. L. Pohl, 786-1327 or Mrs. Tom Irish, 786-2941.

Gladstone Hit For Delaying 2-41 Project

The blame for delay of the four-lane highway construction project from Gladstone to Rapid River was placed squarely on the shoulders of the Gladstone City Commission Monday night.

"Our state city has allowed selfish interest to block the project," said Escanaba Mayor Harold Vanlerberghe. "When many areas want state money and you put up a block in your city, these funds are diverted to another area."

Vanlerberghe and Roger Murray of the State Highway Dept. appeared before the Escanaba Lions Club at the Sherman Hotel to make a pitch for better roads in Delta County and Michigan.

The proposed 4.5 miles of four-lane highway from Gladstone to Rapid River was originally scheduled for start of construction this year but was delayed to 1970.

"For the sake of a few, many have suffered," Vanlerberghe said.

State Owns Land

Murray pointed out that although the State owns the proposed right-of-way for the new four-lane road, the State needs approval of the route from any municipality involved in the construction before it can proceed.

"The City Commission in Gladstone has never approved this project," he said.

Donald Goulais, assistant state attorney general who often works for the Highway Dept. on condemnation proceedings for highway construction, said "the people of Gladstone don't want the road to go where it is planned. They

want it to go past their place of business."

He also pointed out that the state may have decided to delay construction in hopes of getting the route approved as part of the Interstate Highway system, a program under which the federal government pays 80 per cent of the cost.

State Highway Director, Howard Hill, Lansing, said when delay of the project was announced last spring that the state had run out of money for the project due to rising construction costs.

M-35 Proceeds

It was pointed out Monday night, however, that the State is proceeding with a major M-35 project in Marquette County over a section of highway much less heavily traveled than U. S. 2 and 41 from Gladstone to Rapid River.

Vanlerberghe, long a worker for better roads in Delta County and Michigan, appealed to the Lions Club to get behind the Good Roads Foundation program for better roads in Michigan. The program calls for a one cent per gallon increase in fuel tax, elimination of a 1933 cut in license plate costs, a 10 per cent increase in truck license fees and a revision of the formula of distribution of state highway funds between state, county and city units.

It was reported by Don Haapala, project co-chairman, that the club netted \$1,814.43 last spring from its "man the radio station" and E-Z-See Phone Roll project. Gross receipts were \$2,338 and expenses were \$523.57, Haapala said.

Proceeds are used to support Lions Club sight and blind work.

Blood Program Value Is Cited

"I am very aware of the value of this blood program," says a Delta County woman who is recipient of a kidney transplant, in an interview with Delta County Red Cross officials.

She is Miss Pat Roman of Wells, who had 81 units of blood donated in her name at a visit of the Red Cross bloodmobile to Delta County in March.

After a long wait during which she used an artificial kidney which requires five units of blood per week for proper function, Pat at last received the new kidney on March 20 at Rochester. She had been in a period of adjustment but is progressing well.

"I am very aware of the value of this blood program,

and the peace of mind it makes possible, knowing the blood will be available at no additional cost," she said.

"I am extremely grateful to all those people who felt my problem strongly enough to give their blood to replace what I had used. I urge everyone to give to help others in my position—and all those who suddenly find themselves in need of a blood transfusion."

"There are few gifts you can give that are appreciated as much," she said. "I understand there is another Delta County resident who may require a transplant—let's have the blood ready."

The opportunity to donate will be offered Delta County residents today, Wednesday and Thursday.

The bloodmobile hours on Wednesday are 2:30 to 7:30 at the Teamsters Hall in Escanaba and on Thursday from 10 a.m. to 3 p.m. at the same place in Escanaba.

Appointments may be made by calling the Red Cross ST-6-3214 mornings or ST-6-5371. The quota for the three days is 307 units and so far only 133 donors have signed up.

Highland Dinner Party To Feature Old Time Movies

An early autumn dinner party will be held Saturday evening, Sept. 24 at the Highland Golf Club and will feature old time movies of the Highland Club and entertainment. All local people will be featured in the movies.

The evening will begin with a cocktail hour at 6:30 p.m. followed by dinner at 7:30. Reservations will be accepted through Thursday evening and may be made by calling the club, 466-7457 or Mrs. Ben Douglas, 466-9937.

Chairmen for the affair are Mr. and Mrs. Ben Douglas and they will be assisted by Mr. and Mrs. John Boyle, Mr. and Mrs. Nick Bink, Mr. and Mrs. Clyde Buchanan, Mr. and Mrs. Henry Boyle, Mr. and Mrs. Roy Bergman, Mr. and Mrs. Nick Chapekis, Mr. and Mrs. L. C. Clare, Mr. and Mrs. Ralph Secrist, Mr. and Mrs. Harold Meiers, Mr. and Mrs. Ed Oliver, Mr. and Mrs. Stanley Ostman, Mr. and Mrs. Mel Oslund, Mr. and Mrs. Roy Herbert, Mr. and Mrs. George Chacador, Mr. and Mrs. Paul Richter and Mr. and Mrs. George Anderson.

Births

THIELEN — Mr. and Mrs. Edward Thielen of Toledo, Ohio, are the parents of a son, David Vincent weighing 8 pounds and one ounce born Sept. 6. Mrs. Thielen is the former Darlene Moras, daughter of Mr. and Mrs. John Moras of Escanaba.

Church Events

Bethany Lutheran

The 7th and 8th grade youth will meet Wednesday at the church for an organizational meeting. Counselor is Anita Carlson. Grades 9, 10, 11 and 12 will hold a progressive dinner Oct. 2 beginning at 4:15 p.m. Reservations are to be made by Sept. 28. Counselors are Mr. and Mrs. David Dahlquist.

Lewis Carroll was the pen name used by Charles Dodgson, English author.

City Engineer Begins Work

Escanaba's new city engineer began work on Monday and expects that one of his first duties will be working with the Planning Commission in the development of a planning program for the city.

He is John J. Dulek, a native of Escanaba and an honor graduate of Escanaba High School in 1955.

Dulek received his degree in civil engineering from the University of Michigan in January, 1960, and qualified as a Registered Professional Engineer in 1964. He was employed in his profession with the City of Milwaukee and the City of Wauwatosa before accepting the Escanaba position.

Escanaba is currently engaged in the development of a comprehensive plan for the city with the assistance of Harland Bartholomew and Associates, a professional planning firm of Chicago.

Dulek said his duties as city engineer will involve him in planning work with the Planning Commission, the planning consultants, and others in proposals for a comprehensive city plan, parking system, and urban renewal.

Mrs. Dulek is the former Mary Goodreau of Escanaba. The Duleks have two daughters, Mary Francis 7 and Patricia Ann 3 and they reside at 1616 Lake Shore Drive.

Calvary Ladies Meet Thursday

The Women's Missionary Society of the Calvary Baptist Church will meet Thursday, Sept. 22 at 8 p.m. Rev. Roger Patrow of the Immanuel Lutheran Church will speak and show slides on his work in Ethiopia. A trio from the Salvation Army will provide special music.

Hostesses for the social hour will be Mrs. Eva Kallstrom, Mrs. Sam Mills, Mrs. Harlan Meunier and Mrs. Marvin Mylander.

Members and friends are cordially invited to attend.

Plan Appeal For Bridge Employees

SAULT STE. MARIE (AP)—The Michigan Civil Service Commission's ruling that puts all employees of the International Bridge Authority under civil service will be appealed, David Ripley, authority secretary-manager, said Sunday. Ripley said he plans to meet with officials in Lansing later this week. The commission ruled last Tuesday that all bridge employees must take civil service examinations.

Mrs. Dulek is the former Mary Goodreau of Escanaba. The Duleks have two daughters, Mary Francis 7 and Patricia Ann 3 and they reside at 1616 Lake Shore Drive.

CITY MANAGER George Harvey (seated) confers with John J. Dulek, Escanaba's new city engineer, in connection with zoning and planning. Dulek's employment fills a vacancy of several years in the office of city engineer. (Daily Press Photo)

Team To Seek Mental Health Program Facts

A four-member "fast finding" team headed by Charles Seinenquist, Wells, chairman of the County Board of Supervisors, and Supervisor Frank Stubbak, Gladstone, will travel to Marquette Friday in an effort to get "the facts we need to make an intelligent decision" on a proposed mental health plan for the county.

Rev. Reuben Carlson of Gladstone and a supervisor to be appointed by Seidenquist will complete the team.

Meeting will be with members of the Marquette Board of Supervisors, along with experts in the mental health field.

Marquette County has proposed a multi-county mental health program which would include Delta and Alger Counties. The program would be subsidized for at least five years by Act 54 funds on a decreasing percentage basis.

That means, if the program were started next year, by 1971 the entire cost of the program would have to be born by the local units of government.

At a meeting Monday at the Delta County building, members of the county mental health committee wanted to know: 1. Is there a real need for these services in Delta County? 2. Do we need a psychiatrist here, or can we get along with itinerant service from Marquette? 3. Under the Marquette plan, would we be getting enough service in return for the money we pay? 4. Would Delta County be better off starting its own program rather than join Marquette?

Questions of financing and service are expected to be explored Friday at Marquette. Need will be investigated further in Delta County.

The group will meet again at 4 p. m. next Monday in the Delta County Building to discuss further plans.

If the county is to undertake participation in a mental health program, it would require an appropriation from the Board of Supervisors at the Oct. 12 meeting. Deadline for application for federal assistance this year is Nov. 1.

Her husband was a native of Manitowish and is now in Viet Nam, she told hospital staff.

Police said that so far as they have determined, the names were all fictitious.

The trail of the young mother who left her child when it was two days old ended at Bark River, police reported. She had taken a cab to Bark River after leaving the hospital.

The police repeated their request for public cooperation in providing them with any information that might lead to the identification and whereabouts of the mother.

The woman is described as about 20, five feet six inches tall, full face, brown curly hair, and weighing about 150 pounds.

DeCormier Singers At Iron Mountain

Subscribers to the Delta County Community Concert Association series are being reminded that The DeCormier Folk Singers will present the first concert on the Iron Mountain series Thursday, Sept. 22, at 8 p. m. at the Iron Mountain High School.

The receipt received by the subscribers last May will admit them, seating space permitting. The DeCormier Singers scored a success in Escanaba two seasons ago.

Friends may call at the Anderson Funeral Home beginning on Thursday afternoon and Eastern Star services will be conducted at 8 p. m. Thursday. Complete funeral services will be held Friday at 11 a. m. with the Rev. Karl J. Hamman officiating. Burial will be in Gardens of Rest Cemetery.

She is survived by two sons, Russell C. and Benjamin C. of Lake Orion; four daughters, Mrs. James (Lucille) Green of Lincoln Park, Mich., Mrs. Raymond (Esther) Klassen of Ann Arbor, Mrs. Ira (Carmen) Farrell, Gladstone and Mrs. Michael (Marion) Kelly of South Gate, Calif.; one sister, Mrs. Marion Spaulding of Lansing, 14 grandchildren and 9 great grandchildren.

Former Gladstone Resident Dies On Monday

Mrs. Sevelina K. Greenless, 78 of Lake Orion died Monday Sept. 19. She was born in Cheboygan, Mich., Nov. 20, 1887 and had resided in Gladstone for many years. Mrs. Greenless was a life member of the O.E.S., Chapter 49 and the Rebecca lodge of which she was a Past Noble Grand. Her husband, Clarkson Greenless died on Feb. 7 of this year.

Survived by two sons, Russell C. and Benjamin C. of Lake Orion; four daughters, Mrs. James (Lucille) Green of Lincoln Park, Mich., Mrs. Raymond (Esther) Klassen of Ann Arbor, Mrs. Ira (Carmen) Farrell, Gladstone and Mrs. Michael (Marion) Kelly of South Gate, Calif.; one sister, Mrs. Marion Spaulding of Lansing, 14 grandchildren and 9 great grandchildren.

A 28-FLAT CAR TRAIN, specially designed to carry unit rail for Chicago & North Western track repair jobs, stretches as far as the camera can see west of Escanaba. The quarter-mile rail curves outward from the cars as it is being unloaded along the roadbed. (Daily Press Photo)

THE RACKS upon which quarter-mile lengths of rail ride en route to their final resting place have rollers which allow the rail to move freely in unloading operations. Each of 28 flat cars on the train has similar racks and the quarter-mile lengths are moved in one piece. (Daily Press Photo)

QUARTER-MILE LENGTHS of rail were unloaded from a 28-flat car train by this method Monday by Chicago & North Western track crews. The rail, which curved off the flat cars, was attached by cable to the road bed. The engine then simply pushed the car out from under the rail, allowing it to fall into place. (Daily Press Photo)

C&NW Lays Quarter Mile Rail

The longest cargo ever to move into the Upper Peninsula rolled into Escanaba Monday on a string of 28 Chicago & North Western railway flat cars.

The cars carried quarter mile lengths of rail for an eight mile stretch of C&NW track west of Escanaba. It is the first section of track in the Upper Peninsula to be rehabilitated using the "unit rail" method.

John Grosso, Marinette roadmaster, said the rail is a quarter mile long and the 28-flat car train was specially designed to carry the unit rail.

"We unloaded it along the track just preceding installation yesterday," he said. "We keep connecting one length with the next."

Grosso explained that the unit rail is heavier (112 pounds per yard compared to the 90 pound rail that is being replaced) and is expected to provide the railroad with a smoother ride, reduce maintenance costs and provide longer wear.

He said the rail is anchored at every other tie and the company has not experienced any problems in other locations with either expansion in extreme heat or contraction in winter cold.

Total cost of the eight-mile project here is estimated at about \$370,000, including replacement of ties and adding extra ballast to the roadbed last summer.

"It takes a 45-man gang and 20 track machines to lay the rail," Grosso continued.

The rail is taken from the flat cars by attaching it to the road bed with cables, then simply pushing the train of cars out from under it.

Grosso said eventually every stretch of track in the entire system will be rehabilitated with the quarter mile rails. He said it is hoped that another eight miles in the Escanaba area can be rehabilitated next summer.

Former Resident Dies In Illinois

Joseph DeLorier, 50, of Dolton, Ill., former Escanaba resident, died Sept. 12, in Dolton, Ill.

Survivors include his widow and three children, Joseph Jr., Mary Louise and Richard. Funeral and burial were in Dolton.

House Approves Duck Stamp Hike

WASHINGTON, AP—The House approved Monday a bill authorizing the secretary of the interior to increase the cost of the migratory bird hunting stamp from \$3 to \$5.

Rep. John D. Dingell, D-Mich., sponsor of the bill, said it was his understanding that the secretary would only increase the fee for the stamp to \$3.75.

Funds from sale of the stamp are used to acquire land for migratory bird refuges and waterfowl production areas.

His advice, timely obtained, can save money, property, heartaches and headaches, and at a reasonable fee for his services.

There's a lawyer in your life—Depending on the nature of your problem you consult your clergyman, your lawyer, or your doctor. If you don't have a lawyer, call your local bar association or contact the—State Bar of Michigan, Lansing 48914.

Elderly Man Is Injured By Car

Lawrence List, 79, who resides at the Peoples Hotel in Escanaba, is in St. Francis Hospital receiving treatment for cuts and bruises suffered when he was struck by an automobile on Ludington St. Monday evening.

The accident occurred at 12th St. and Ludington at 7:32 p. m. as List was crossing the street on the crosswalk, it is reported by city police.

The car was driven by Richard C. Porath Jr., 41, of 318 Stephenson Ave. Police said Porath told them that he was nearly stopped when his car bumped List.

The officers summoned Porath to court for failing to yield the right of way to a pedestrian crossing in the crosswalk.

Puerto Rico elects its own governor.

Briefly Told

Escanaba police have issued traffic court summons to Edward C. Olsen, 1109 S. 17th St., for speeding.

A meeting of the City Recreation Board will be held Wednesday at 7:30 p. m. in the Council Chambers of the City Hall.

A meeting of the Walt-Watchers TOP's Club will be held Wednesday, 7:30 p. m. at VFW. All members are urged to attend as a new five-week contest will be starting.

The Gunville Orchestra will entertain guests at the Delta Nursing Home at 7 p. m. Tuesday, Sept. 20. The entertainment is made possible through the Musicians Recording Fund.

The House of Representatives has the sole power to impeach but the Senate tries impeachment cases.

ENTER THE 1966 "PICK THE WINNER"

FOOTBALL CONTEST

YOU MAY WIN CASH!

Each Week

\$10 First Prize **\$5** Second Prize

The individual advertisements on this page will contain the names of two football teams scheduled to play during the week. Read the ads carefully. Follow the simple rules of the contest. Entry blanks must be filled out correctly.

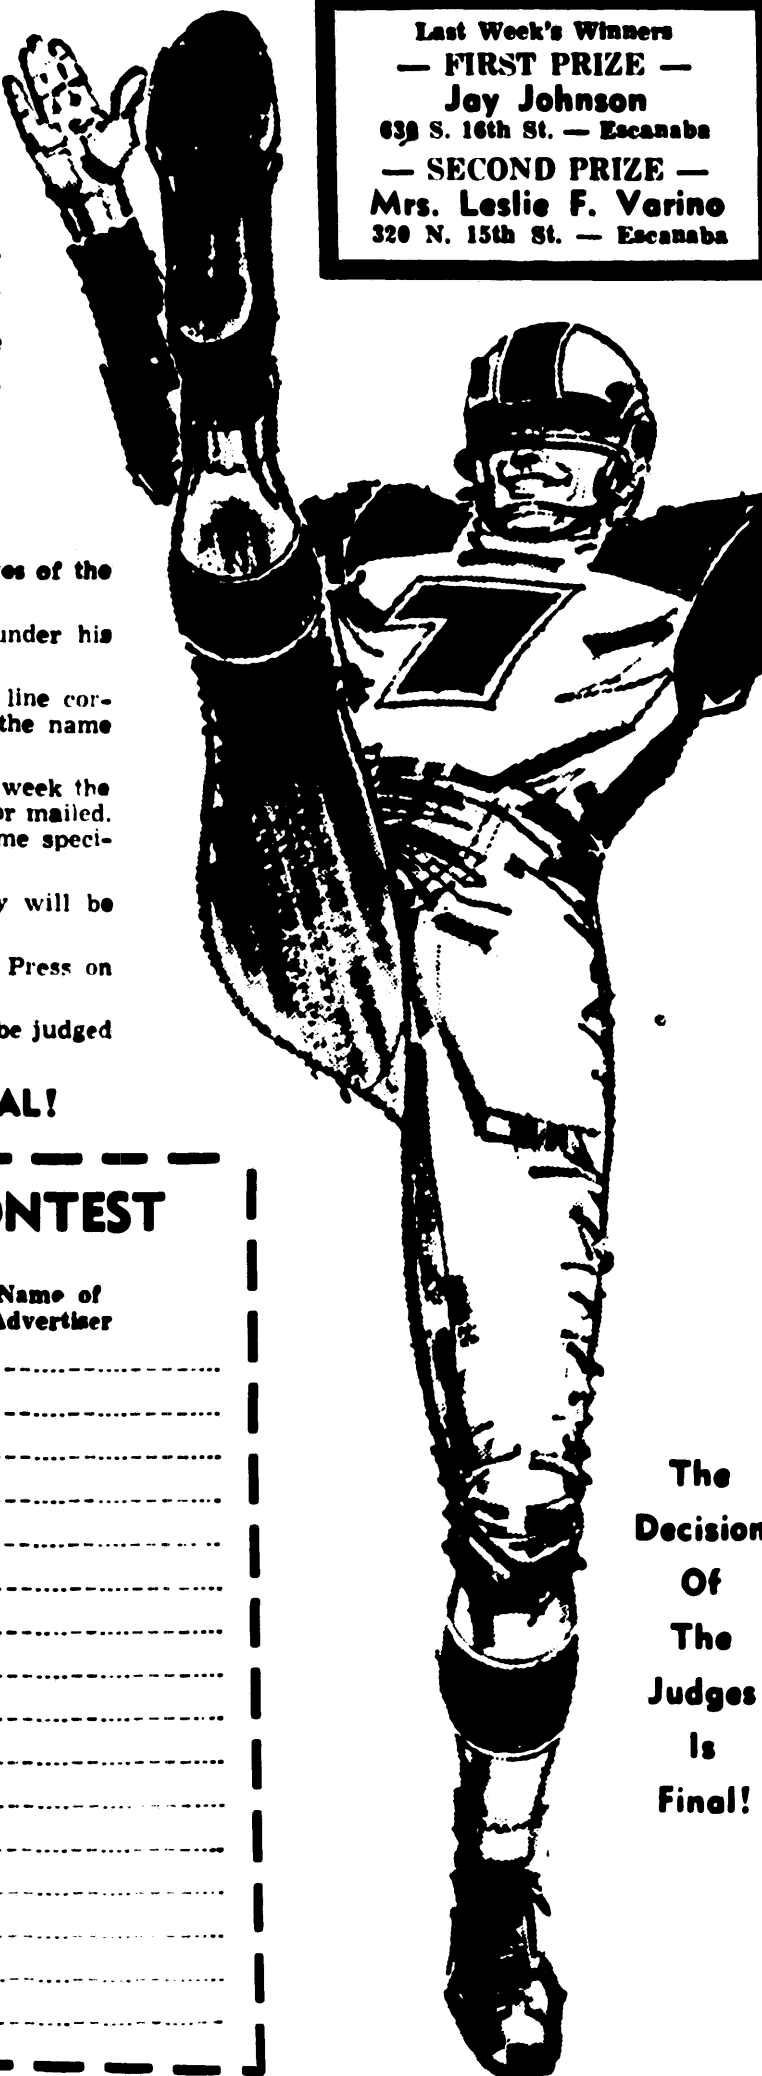

CONTEST RULES

1. This football contest is open to everyone except the employees of the Escanaba Daily Press and their families.
2. No contestant may submit more than one entry a week under his own or any other name.
3. List the winner you chose for each game on the numbered line corresponding to the number in the advertisement. Then write the name of the advertiser on the opposite line.
4. All entries must be completed by noon on the Friday of the week the games are played. They may be brought into the Press office or mailed. They must be in the Daily Press office not later than the time specified above. Address all entries to "Pick the Winner" Editor.
5. Tied scores must be so indicated on entry blank or they will be counted wrong.
6. Names of contest winners will be announced in the Daily Press on the Tuesday following the games.
7. In the event of a tie the entry with the first postmark will be judged the winner.

MEL & ELMER'S

Seven Unbeaten, Untied U.P. Grid Teams Remain

Holy Name In Perfect List; Gladstone Bows

The list of undefeated and untied Upper Peninsula high school football teams was pared to seven in action last weekend.

Chopped from the select list were Negaunee, Soo Loretto and Gladstone.

Negaunee, rated No. 1 in the first weekly poll of the Upper Peninsula sports scribes last week, bowed to bitter rival Marquette, 32-12, in a major Great Lakes Conference upset.

Soo Loretto was bounced by St. Ignace, one of the seven remaining teams in the unbeaten, untied ranks. The score was 26-2.

Gladstone fell to Ishpeming, 31-6, in another Great Lakes clash.

Joining St. Ignace in the "perfect" class are Holy Name, L'Anse, Ironwood, Calumet, Munising and Engadine, all with three straight triumphs.

Also unbeaten to date are Menominee and Stambaugh who played to a 7-7 tie in the season opener Sept. 2.

Mustangs Pace GLC
Only a few of the teams with unblemished records face stiff competition this weekend.

Coch Bill Earle's Mustangs put their Great Lakes Conference lead on the line in a home stand against Ishpeming Saturday afternoon. The Hematites have defeated Marquette, 53-8, and Gladstone, 51-6, while bowing to Negaunee, 19-6. Munising has downed Newberry, 19-13. Marquette 32-13, and Manistique, 23-18.

Engadine, with two victories over varsity teams and another over the Soo Jayvees, will face a Brimley team with a 2-0 record against Eastern Conference competition.

Best Defensive Record
Coach Tom O'Neill's rugged Holy Name Crusaders, off to a flying start with successive decisions over Iron Mountain, Kingsford and Stephenson, step out of the Great Northern Conference for a Sunday clash with Marquette Bishop Baraga. The game will begin at 3 at the Escanaba Athletic Field.

The Marquette parochial school has lost two straight starts to Norway and Niagara, failing to score a touchdown against either foe.

Holy Name enters the weekend action with the best defensive record in the Upper Peninsula. The Crusaders have allowed only one touchdown in their three starts.

St. Ignace, sailing along on a 14 game winning string, host a downstate foe in Petoskey Friday night.

L'Anse meets a Houghton team with a 1-2 record. Ironwood faces winless Hurley and Calumet tackles Ontonagon, another team with a 1-2 mark.

Eskimos At Home
Stambaugh and Menominee, the two major schools who have only a tie to mar their records, also face unrated foes. The Hilltoppers tangle with Iron Mountain and the Ma-

Harding Gets Another Shot With Pistons

NEW YORK (AP) — Reggie Harding has been given another chance to play in the National Basketball Association.

After being suspended for a year, the 7-foot center for the Detroit Pistons was reinstated Monday by Commissioner Walter Kennedy of the NBA.

Harding was suspended Sept. 14, 1965, after several run-ins with Detroit police. But Kennedy, in granting Harding's appeal, said community leaders in Detroit had testified on his behalf.

"On the evidence now before me," Kennedy said, "I am now satisfied that Harding is entitled to another chance to play in the Association if he can obtain a player contract, and only upon the continuing condition that his future conduct, on and off the basketball court, will be exemplary in every detail."

Yesterday's Stars

BATTING — Frank Robinson, Baltimore, hit a three-run homer in the fourth inning, then snapped an 8-8 tie with a two-run double in the sixth as the American League-leading Orioles outlasted California 11-9.

PITCHING — Don Drysdale, Los Angeles, gained his first complete game in a month, pitching a five-hitter as the Dodgers whipped Philadelphia 6-1 and maintained their 1½ game lead in the National League pennant race.

Jets Are Tops In Statistics

NEW YORK (AP) — The New York Jets, one of three unbeaten teams in the American Football League, also are a huge statistical success, league figures showed today.

On the strength of their 52-13 romp over Houston, the Jets remained the league's defensive leader in passing, rushing and total defense and took over the offensive top in passing and total offense.

Only Kansas City, also 2-0, broke New York's hold by retaining its lead in rushing offense.

The Jets have allowed the opposition only 98.5 yards a game through the air, eight less than Boston; 60.5 yards per contest on the ground, 16.8 less than Houston, and 159 total yards per game, 66.7 less than Oakland.

New York also has passed for 245.5 yards per game in a total offense of 356.5 yards per contest. Kansas City has run for 152 yards per game.

Oakland is second in passing offense with 228.3 yards a game, Boston is the rushing runner-up with 137.5, and Buffalo, after pounding Miami 58-24, is second in total offense with 323.3 yards a game.

Big Chief Cycle Run Set Oct. 2

The sixth annual Big Chief Run, sponsored by the U.P. Chiefs Motorcycle Club Inc., for endurance runs, although will be staged Sunday, Oct. 2, rain or shine, starting at the Dutch Mill seven miles north of Rapid River on US-41.

George Brown, Rt. 1, Box 59, Rapid River, president of the motorcycle club, today announced plans for the event which draws riders from Michigan, Wisconsin, Minnesota and Canada.

There will be a cross country run for all street and road machines to accommodate new riders. The cross country trail is not excessively rough and requires no special cycle equipment. It runs through some of the most scenic spots in the area and is designed as a pleasure ride.

The Enduro has section of rough trail leading off the cross

Twins Challenge Tigers For Second

DETROIT (AP) — One can't blame Tigers Manager Frank Skiff if he's not feeling too comfortable right now.

Skiff was asked following the team's sweep of a three-game series with Minnesota last week if he felt better about the slight bulge over the third-place Twins.

"The only time I'll be comfortable is when we are ahead of them by a game and a half and there's only one game to play," Skiff answered.

Since that time, the Twins have bounced back and once again whittled the Tigers lead to a half game.

The Tigers, who have a dozen games remaining, play host to the California Angels in the first of a three-game series tonight.

Earl Wilson will test his recently injured back in quest of his 19th victory. Dean Chance will hurl for the Angels.

"This race for second place might not be decided until the final weekend," Skiff said Sunday after the Tigers had lost to the Cleveland Indians and lost their first home series in two months.

The Tigers and Twins play three more games in Minnesota this weekend. The Tigers then move to California for three and return home the final weekend of the season to face Kansas City in three more.

Minnesota, which is at Cleveland tonight, has four games against the Indians and the final four against Baltimore in

addition to its series with the Tigers.

Skiff plans to use some of the younger players called up from farm team affiliates in recent weeks as soon as possible, but he insists there is no chance of them seeing much action while the fight for second place continues.

In addition to the team effort to finish as high as possible, a number of individuals are nearing personal marks and Skiff expects to allow each of them as much chance as possible to reach them.

Wilson and Denny McLain both have a chance to win 20 games. Norm Cash needs two more homers to match his 30 of last year and Willie Horton is just two RBIs shy of the century mark.

Angels outfielder Rick Reichardt, who underwent kidney surgery six weeks ago, is expected to join the team today but says he does not plan to return to the lineup this season.

Reichardt, hitting .290 before he was hospitalized, said he expects to have a better year in 1967.

"I don't think I'll have the physical and mental problems I had this season, so I should be at least as effective," Reichardt said.

Charlie Ruffing Parker, offensive guard with the Denver Broncos, was named after former Yankee pitcher Charlie Ruffing.

Green Weenie Jinxes Frank

Drysdale May Settle NL Scramble

By The Associated Press
The Green Weenie has the Herman Frank in hot water.

However, Hot Don could prove meeter than both.

The Weenie skinned the Frank for the second straight game Monday and combined with Hot Don to leave the San Francisco Giants dangerously charred.

The Pittsburgh Pirates, possessor of the rubber Weenie, whipped San Francisco, owner of the synthetic Frank, 6-1 in 11 innings and dropped the third-place Giants four games behind National League-leading Los Angeles.

The Pirates, in second place, remained 1½ games back when the Dodgers crushed Philadelphia 6-1 behind the five-hit pitching of Don Drysdale, who could turn out to be the most potent weapon in the last two weeks of the pennant race.

The Green Weenie is a green-painted rubber replica of a hot dog which Pirate fans have been using jokingly to hex the opposition this season. The Herman Frank, named for the Giant manager, was unveiled last week.

Manager Frank was seated in his office before a game when one of his coaches, Charley Fox, dropped an orange-colored, synthetic hot dog on his desk.

"What's this?" Herman asked.

"Read what's on it," Fox replied.

Herman read. The object said, "A Herman Frank."

Explained Fox as he handed them to the Giant players: "That's our secret weapon to counteract the Green Weenie."

The Frank, though, hasn't done much countering. Monday's defeat left the Giants in such a position that if the Dodgers win just seven of their remaining 13 games, San Francisco, would have to win 10 of its last 11 to gain a first-place tie.

The Pirates are a lot better off than that, but it may not do them any good now that Dry-

sdale apparently has regained the technique that shot him into the \$100,000 salary class.

The Dodger right-hander, a 23-game winner last season, hadn't done much for the Dodgers this year until recently. Now in his last three starts he's allowed just four runs and 14 hits in 26 innings.

In the only other NL game New York edged Houston 1-0, Baltimore outlasted California 11-9, reducing its magic number in the American League pennant race to four.

The Pirates' Bob Veale had a one-hitter through eight innings, but Willie Mays' run-scoring single in the ninth tied the game 1-1. Pittsburgh then won in the 11th on Roberto Clemente's leadoff home run and Bob Bell's grand-slam homer later in the inning, both off Frank Linzy.

In gaining his 11th victory against 16 defeats and first complete game since Aug. 18, Drysdale was backed heavily by Lou Johnson. The Dodger's brilliant clutch batter drove in three runs with two homers and a single. His first homer, in the second inning, put Los Angeles ahead to stay.

Frank Robinson hit his 46th homer, a three-run blast, in the Baltimore fourth inning, then broke an 8-8 deadlock with a two-run double in the sixth. Paul Blair contributed five hits to the Orioles' attack and scored four runs while Jim Fregosi collected four hits for California.

In This Corner

with Ray Crandell

Marquette Baraga, next foe for the unbeaten Holy Name Crusaders, is in its third year of varsity football competition after resuming the sport following a layoff of 25 years. . . The Royals have won three of 14 starts since they got into grid action. . . They bowed twice this fall, to Norway and Niagara, and have not yet scored a touchdown.

Marquette High School is seeking membership in the Wisconsin Valley Conference and if the Marines are admitted it would cost the Escanaba Eskymos another football game. . . As it is, the Eskymos are desperate for grid foes. . . They have only Iron Mountain, Kingsford, Stephenson, Menominee and Holy Name in the Great Northern Conference and Alpena and Antigo in non-conference competition in addition to Marinette.

Paul Sharkey, sensational senior halfback on the Marinette Catholic Central football team, is a nephew of Ray Menard, Gladstone druggist. . . In his last start in which the Cavaliers defeated Menasha St. Mary, 46-13, Sharkey scored five touchdowns, passed for another, parried for an extra point and gained 259 yards in 17 carries. . . His mother is the former Lorraine Menard of Escanaba.

Battle Creek Central, coached by former Escanaba athlete Jack Finn, opened its season with an impressive 34-0 victory over Benton Harbor last weekend. . . Battle Creek was rated second in the state in Class A grid ranks last fall.

Alpena, Escanaba's downstate foe, also opened its season with a victory Friday night, defeating Canadian Soo by a 32-0 margin. . . The Eskymos will host Alpena Saturday, Oct. 8, in a Parent's Day game.

George Oikarinen, the Upper Peninsula's leading touchdown producer this season, had another big day as his Calumet Copper Kings beat Houghton, 27-0. . . The teams played to a 6-6 deadlock as Houghton held Oikarinen scoreless in the first half. . . But he exploded for three touchdowns on runs of 20, 45 and 47 yards in the second half. . . That boosted his TD total to 10 in three games for the unbeaten Copper Kings.

Former Gladstone athlete Tom Domres came in for high praise after the University of Wisconsin defeated Iowa State, 21-10, in Saturday's season opener. . . Domres was credited with an outstanding performance as a defensive tackle. . . Said John Coatta, assistant Badger mentor: "We don't talk about Domres much because we expect him to do the job. But he was good."

Halfback Mike L'Hullier stunned Negaunee with three quick touchdowns to lead Marquette to its 32-12 victory over the team that was rated No. 1 in the Upper Peninsula last week. . . Neal Coolman and Gary Baldwin also hit pay-dirt as Coach Jerry Pangrazzi's Redmen knocked Negaunee out of a share of first place in the Great Lakes Conference race.

Ironwood ran its two season victory string to 11 games with an explosive running attack that produced a 41-8 triumph over Superior Cathedral in Michigan-Wisconsin Conference action. . . Jon Currier and Steve Slining reeled off two touchdown runs apiece as the Red Devils rambled for 227 yards from scrimmage.

Randy Plank, 185 pound senior quarterback, throw for two touchdowns and ran for another as the Newberry Indians fashioned their first victory of the season over Budyard, 23-0. . . Plank hit on nine of 11 passes for 175 yards, including payoff pitches to Dennis Burgess and Don Leech.

Pat Miller had a hand in all three Menominee touchdowns as the Maroons stopped Rhineland, 18-6. . . Miller, 185 pound junior halfback, raced 5 and 46 yards for touchdowns and passed 33 yards to Joe Gyp for a third as the Maroons ran their record to 2-1.

Marinette, a future Escanaba Eskymo foe, has played two games this season and has yet to win or lose. . . The Marines last week battled Wausau to a 6-6 standoff. . . The previous week they played a 7-7 tie with Antigo. . . Antigo, a 26-7 winner over Escanaba in the season opener, bowed to Wisconsin Rapids, 26-21, last weekend.

Duffy Talks Of Defense; Spartans Top First Poll

EAST LANSING (AP)—After showing off a power offense, Michigan State Coach Duffy Daugherty was talking defense Monday—about such things as where Bubba Smith's 6-foot-8, 283-pound frame would do the most good.

That's when the subject of defensive statistics came up. For the first time this year, the Big Ten is keeping track of such things as tackles and touchdowns prevented by individual defenders.

Daugherty was not much interested. He indicated he would rather put a defensive standout such as Smith or rover back George Webster in the spot where the opponents like to run, and make to—even though it might mean Smith or Webster never would make a tackle all day.

For the record, Webster was credited with three tackles which resulted in losses, four solo tackles and six assists in MSU's 28-10 triumph over North Carolina State Saturday. Smith had two tackles which resulted in losses, and linebacker Charles Thornhill assisted on 12 tackles.

Saturday's victory helped the Spartans into the No. 1 position

in the Associated Press college football poll. MSU picked up 338 points in the weekly balloting, while UCLA was second with 338 points.

Smith, normally a defensive end, showed up occasionally in the middle of the line for the Spartans, defending Big Ten champions.

He'll stay an end, Daugherty

Top Ten

1. Mich. State 1-0 338
2. UCLA 1-0 328
3. Alabama 0-0 260
4. Nebraska 1-0 202
5. Southern Calif. 1-0 193
6. Arkansas 1-0 140
7. Purdue 1-0 132
8. Notre Dame 0-0 120
9. Michigan 1-0 106
10. Baylor 1-0 84

said, because of his shock value in rushing enemy passers. "You look out at him, and you don't have very much confidence in your throwing," the coach added.

But when the enemy is going for short yardage, such as down near the goal line, Smith probably will be back in the middle, forcing the opponents to

run wide and risk being thrown for a loss, Daugherty said. He also indicated that when an opponent has a tough line-man who consistently is opening up holes for line plungers, Smith may be lined up against him.

MSU's new defensive line really wasn't tested against NC State, Daugherty felt.

Both the line and the backs, he added, will have to tighten up on pass defense "if we're going to be a solid team."

NC State scored on a 43-yard pass play in the final seconds Saturday. The offensive rolled out 360 yards, including 84 by new quarterback Jimmy Raye, who picked up all but one of those yards running on pass plays, whenever he saw daylight.

"Until they (opponents) stop him, I'll encourage him to do what he has been doing," Daugherty said. "But we'll work continually on the passing game, too."

A key man in the offense, he added, was tackle Jerry West. "West spotted Byrd (NC State star defender Dennis Byrd, a 250-pounder) 32 pounds and handled him all afternoon," said Daugherty.

Next Saturday's opponent,

Penn. State, is big and strong—with a veteran quarterback and four outstanding pass receivers, Daugherty said.

He noted that the Nittany Lions, in defeating Maryland 15-7 Saturday, scored three safeties—two of them accounted for by 234-pound sophomore middle guard Mike Reid.

The Spartan first-stringers drilled in sweat clothes Monday. Raye had a sore foot, halfback Dwight Lee had a bruised foot, fullback Bob Ansa was recovering from flu and reserve tackle Dick Reahm had a strained achilles tendon. But Raye, Lee and Ansa all were expected to be back in action this week. Reahm will be out of action several days, Daugherty said, but Raye, Lee and Ansa all were working in practice Monday.

Handicap

NEW YORK (UPI)—Former light heavyweight champion John Henry Lewis was blind in one eye when he fought Joe Louis in 1939 for the heavyweight title. Lewis retired after being knocked out in the first round.

Familiar Names Atop State Football List

By The Associated Press
It appears the battle for major honors among Michigan's biggest and smallest high school football teams will continue to be waged by the same two teams who vied for the No. 1 ranking last year.

Defending state champion Day City Central today was named the No. 1 Class A team in the state in the first weekly poll by The Associated Press.

Battle Creek Central and Muskegon, who trailed in the final poll of 1965, grabbed the second and third spots, respectively again.

Franklin, winner by shutout in its last seven starts, grabbed the Class C-D lead from defending title Middleville in the initial poll by the AP's statewide panel of sports writers and sportscasters.

Dundee edged Buchanan by a single point in the wide-open voting in Class B. Defending champion Jackson St. John, held to a 13-13 tie by Okemos last Friday night, was well down in the voting.

"We've got a long way to go if we expect to stay No. 1 this year," said Bay City coach Elmer Engel after being informed of the results of the poll.

"We fumbled the ball seven times last Friday against Flint Southwestern and lost it six

times," he continued. "They gained 382 yards against us. We're explosive enough—we were down 14-0 and came back—but we've got to work on the defense and quit giving the ball away."

Central eventually won the game, 33-21, to extend its winning streak to 12 games.

Ann Arbor, always a contending team, placed fourth in Class A while Royal Oak Dundero was fifth. Three Grand Rapids schools—Catholic Central, Creston and Central—are among the remaining five in the top 10.

In Class B, where 2 schools gained at least one poll vote, Port Huron Catholic, South Haven and Eccore took the next three spots after Dundee and Buchanan.

St. Ignace, Adrian Catholic and Flint St. Matthew followed the front-runners in Class C-D.

Tanzania Judge Acquits Kinsey

MWANZA, Tanzania (AP) — A Tanzanian judge acquitted U.S. Peace Corpsman Bill Haywood Kinsey Monday of the charge of murdering his young wife.

Judge Harold Platt announced his verdict to a tense, crowded courtroom. A two-man jury had recommended that Kinsey, 25, of Washington, N.C., be found innocent. The judge was not required to follow the recommendation of the jury of "assessors" but he usually does in a murder trial.

The two assessors—Gail Bagley, 46, a soil conservation expert from Elsberry, Mo., and Tanzanian economist Fred Mugobi, 27, told the court they believed that Beverly Kinsey, 26, died of an accidental fall on March 27, as her husband contended.

"Having given anxious thought to the evidence in this court, I'm of the opinion that the charge has not been sufficiently proved against the accused so as to enable me to find that he is guilty beyond reasonable doubt," said Platt.

UFO's May Be Ants All Aglow

DENVER, Colo. (AP) — Are some of those unidentified flying objects recently sighted over parts of the United States merely flying ants or other insects with a "glow" on?

Norton T. Novitt, an amateur Denver scientist whose hobby is the study of the electric properties of insects, thinks it's highly possible. Not necessarily insects with a built-in glow, such as fireflies, but insects which have somehow attracted an electric charge so great that they give off light.

In 20 years of UFO sighting reports other scientists have said the shiny-bodies of insects might be mistaken during daylight for flying saucers.

But the glowing insect theory is original with Novitt, a scientific illustrator with the U.S. Geological Survey in Denver. And he believes it may account for a small part of the 7 per cent of UFOs which the Air Force admits it cannot explain.

It all started with Novitt three summers ago when he was a member of a Denver moon-watch team, one of the groups of volunteers around the country who help the National Aeronautics and Space Administration keep track of some of the large artificial satellites.

Novitt had set up a telescope in a vacant lot to see if he could spot a satellite during daylight. He picked up a bright object traveling too fast to be a satellite. It soon was joined by a second object. Fascinated, he watched the two objects descend until they nearly reached the ground. Taking his eye from the telescope he was startled to find that the apparent landing site was in front of a garage a short distance away. He hurried to the spot and found two winged ants.

He surmised the bright light he had observed was sunlight glinting from their iridescent bodies.

Research produced the fact that at certain times of the year male and female ants sprout wings to take part in an airborne mating ritual. The winged ants gradually group together into giant swarms, some estimated to contain as many as 37 million, to set up new ant colonies.

He wondered what these giant swarms would look like at night if they could glow. Perhaps ants could pick up enough static electricity to make them give off light.

To find out he glued 24 ants around the outside of a plastic ball. A static electric generator was connected to the ball with a thin wire. The ball was suspended from the ceiling of his home laboratory with threads.

Sure enough, when he cranked the generator the entire ball seemed to glow with a dim blue light. The bodies of the ants were discernible as brighter specks of light as the electricity drained off them into space.

GLADSTONE

Personals

Mrs. Martha Pelosa and sons, Mark and Craig, of Kipling, and Mrs. Madeline Berglund drove Mrs. Jules Bruntjens and her sister, Mrs. Josephine DeSutter, of Belgium, to Green Bay over the weekend and returned Sunday. Mrs. Bruntjens and her sister will remain in Green Bay for a week to visit with her daughter, Mrs. Anna Forstner, and from there will go to Moline and Chicago to visit relatives. Mrs. DeSutter plans to return to Belgium soon.

All Saints' Guild Meeting Tonight, First Of Season

Members of All Saints Parish Women's Guild will hold their first meeting of the season at the All-Purpose room of the school at 8 p. m. today. Plans for the Harvest Dinner to be held Sunday will be discussed.

Officers for the coming year are Mrs. Ernest Nobel, presi- dent; Mrs. Joseph Bergson, vice-president; Mrs. Matt Gas- perich, secretary and Mrs. Francis Roy, treasurer.

Refreshments will be served by the officers and all women of the parish are invited to at- tend.

Briefly Told

State Police issued traffic summonses Monday to Thomas Koski, Rte. 1, Rapid River, de- fective turn signals; James Jag- ersma, Kalamazoo, driving wrong way on divided highway; Norbert Couillard, Rock, de- fective brakes and no Michigan registration plates; Donald C. Larson, Minnesota Ave., Glad- stone, no operator's license and leaving scene of property dam- age accident.

Michigan Art Show

DETROIT (AP) — The 56th exhibition for Michigan artists will be held at The Detroit Institute of Arts Nov. 18-Dec. 31.

Social

Women's Choir
All Saints' Women's choir will meet for rehearsal at 8 p. m. Thursday. All interested women are urged to attend as the new schedule for the year is being arranged.

Smear League
Holy Name Smear League will begin play Thursday at 7 p. m. Anyone wishing to play or to enter a team may do so Thursday evening or call GA5-7171.

B. of F. & E.
Lodge 370 of the B. of F. & E. will meet at the home of Mrs. Robert Wilbee, 1320 Wisconsin Ave., Wednesday at 7:30 p. m. Mrs. Leo LaViolette, of Escana- ba, will be the hostess.
